

# Experience the Magic of the Ocean with RI's Life-Size Whale!

**ABOUT MITTENS:** Mittens is a 20 foot inflatable replica of a real juvenile Minke Whale seen off the coast of Maine on August 12, 2022. Mittens is available to teach and inspire ocean heroes throughout the New England area!

Our 40 minute interactive educational presentations are geared towards Pre-K through seniors. Along with meeting Mittens, participants will enjoy age appropriate hands-on activities to learn about New England sea life and ocean conservation! Programs are \$10 per person (20 person min per session).
