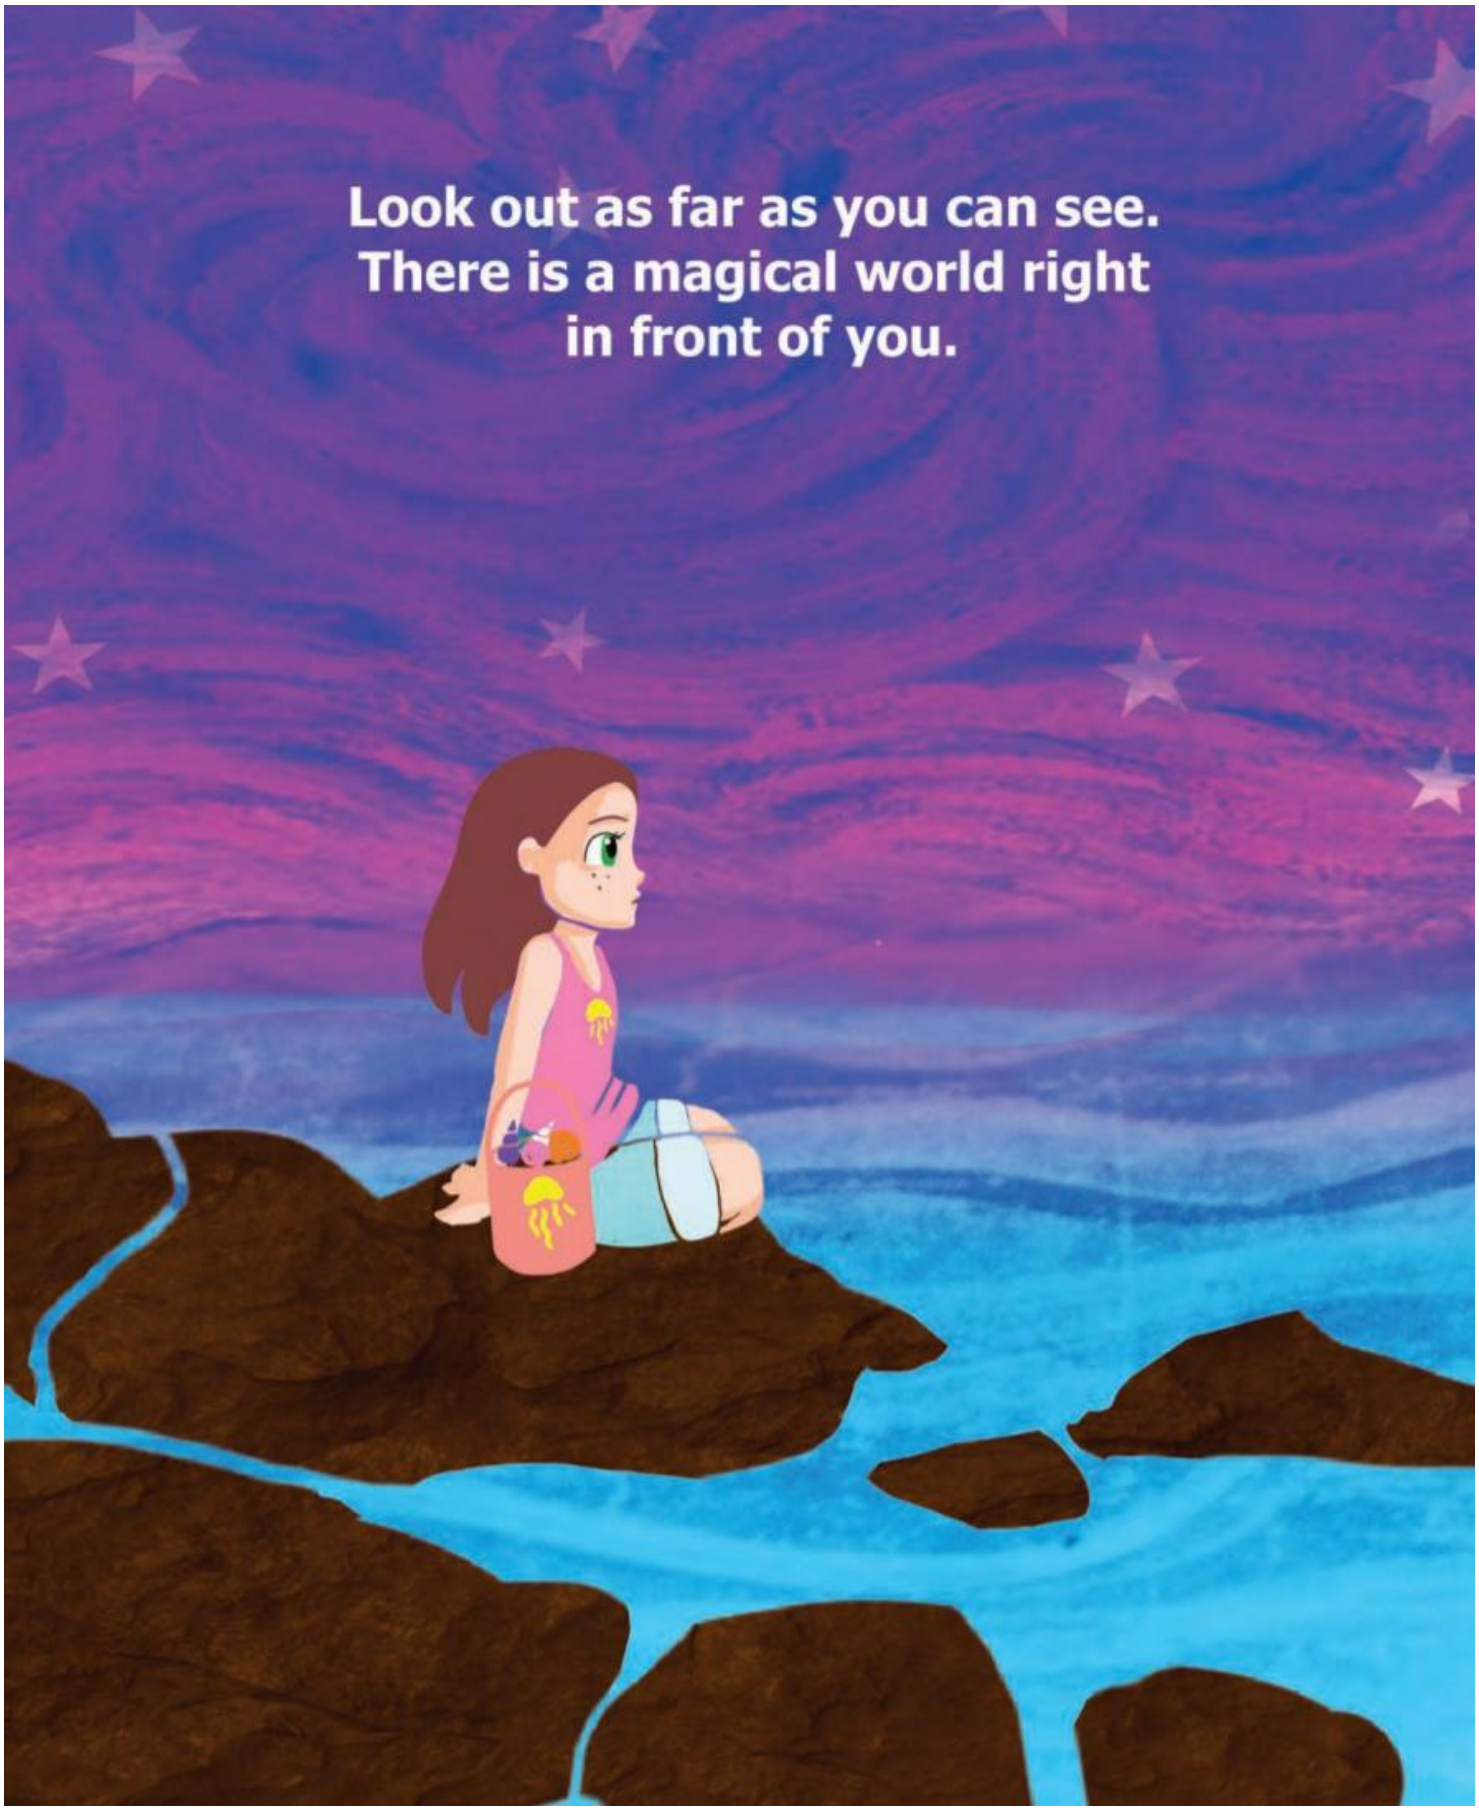
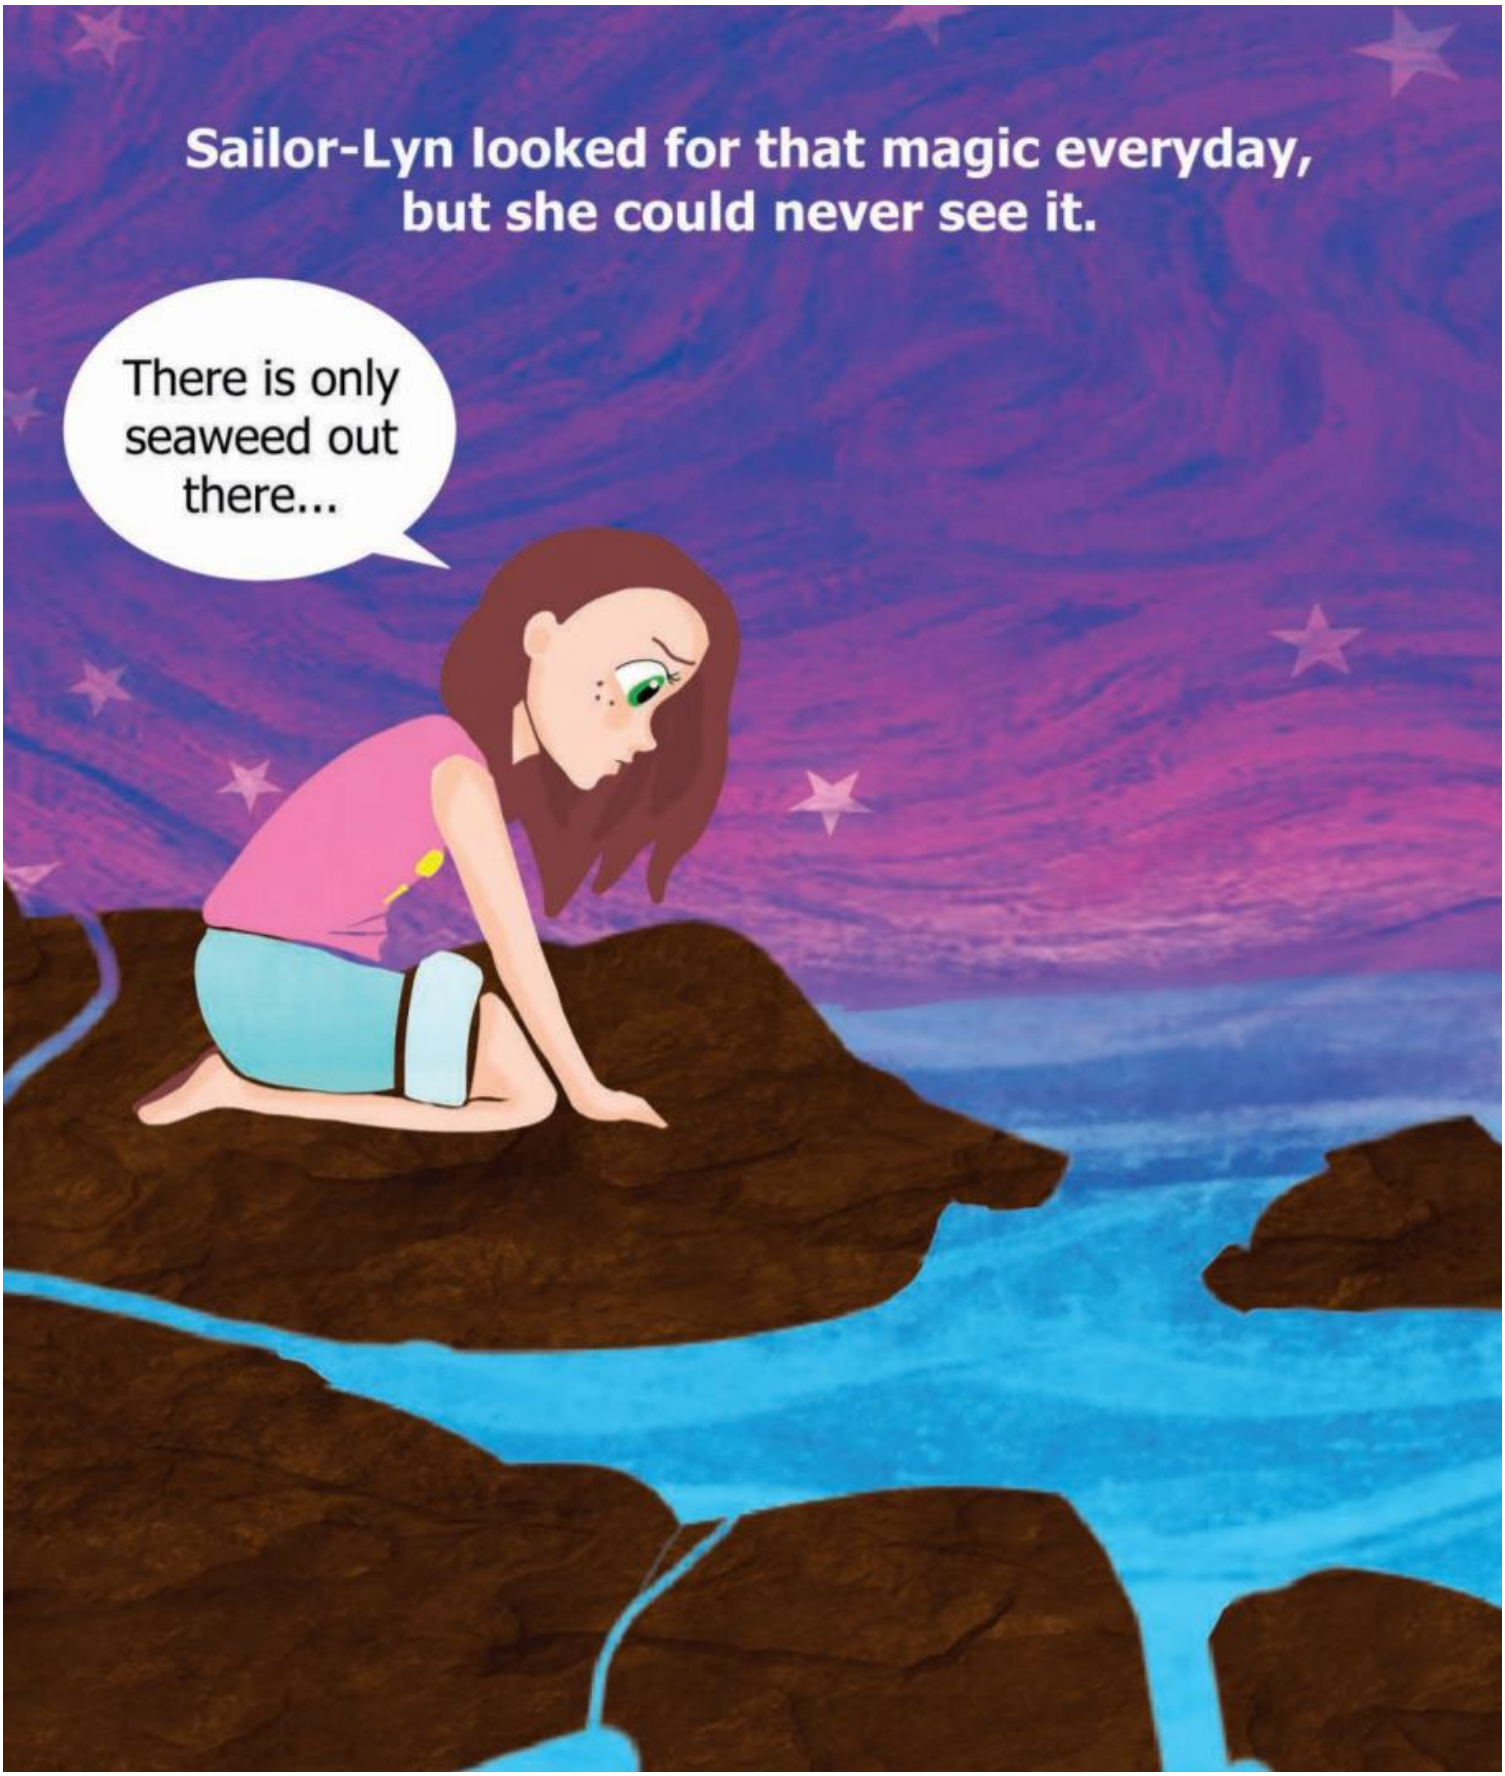
THE MAGIC OF THE SEA
A World Ocean Story
Twisted Orca
By Keri Newman

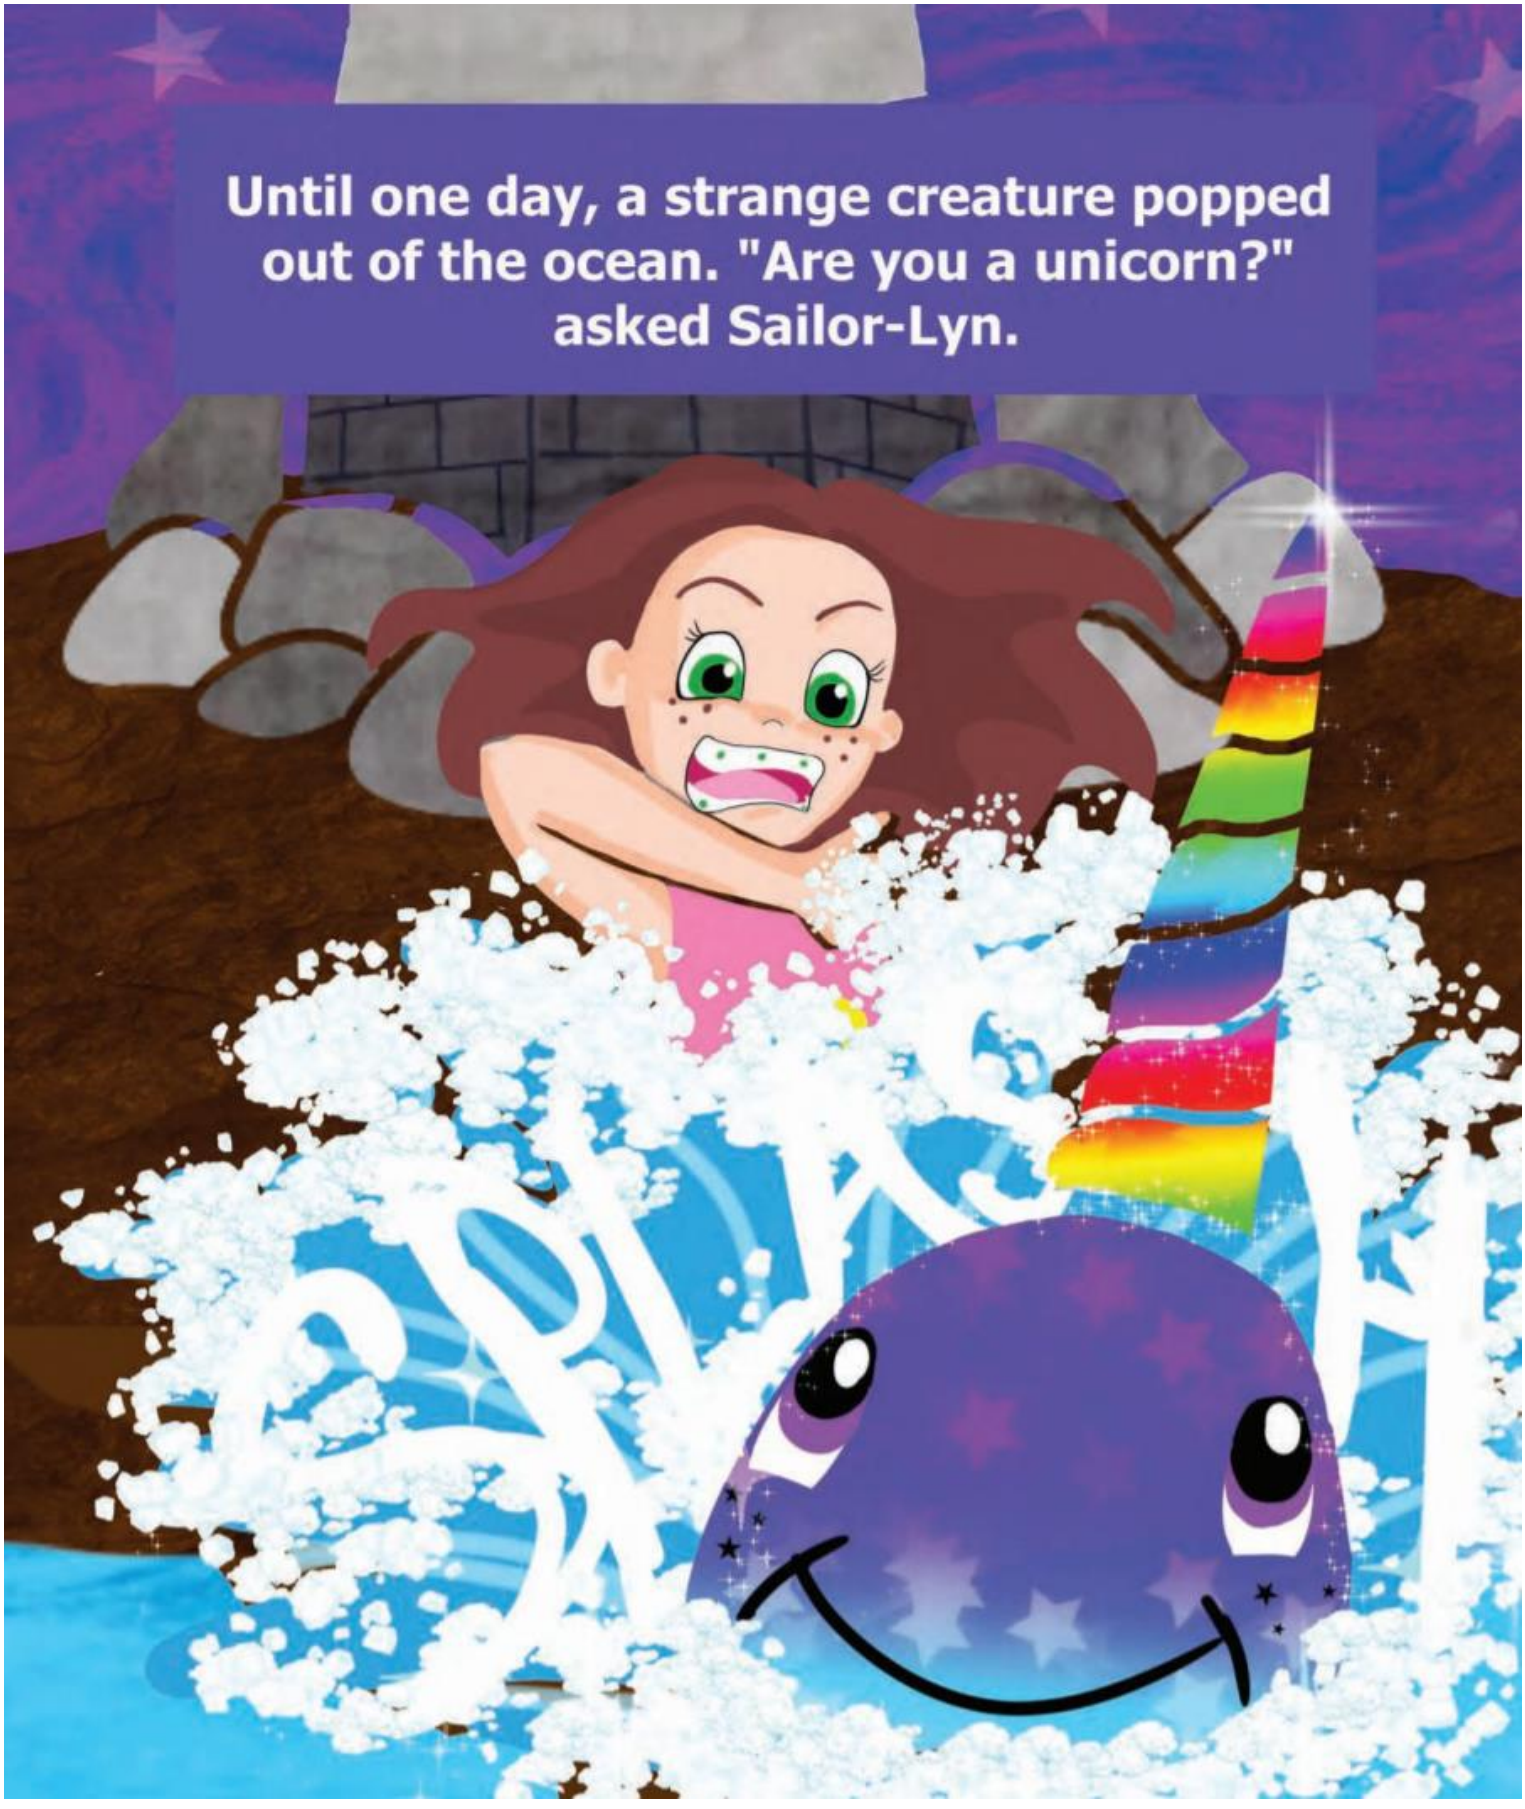
There is something very special
about the ocean.



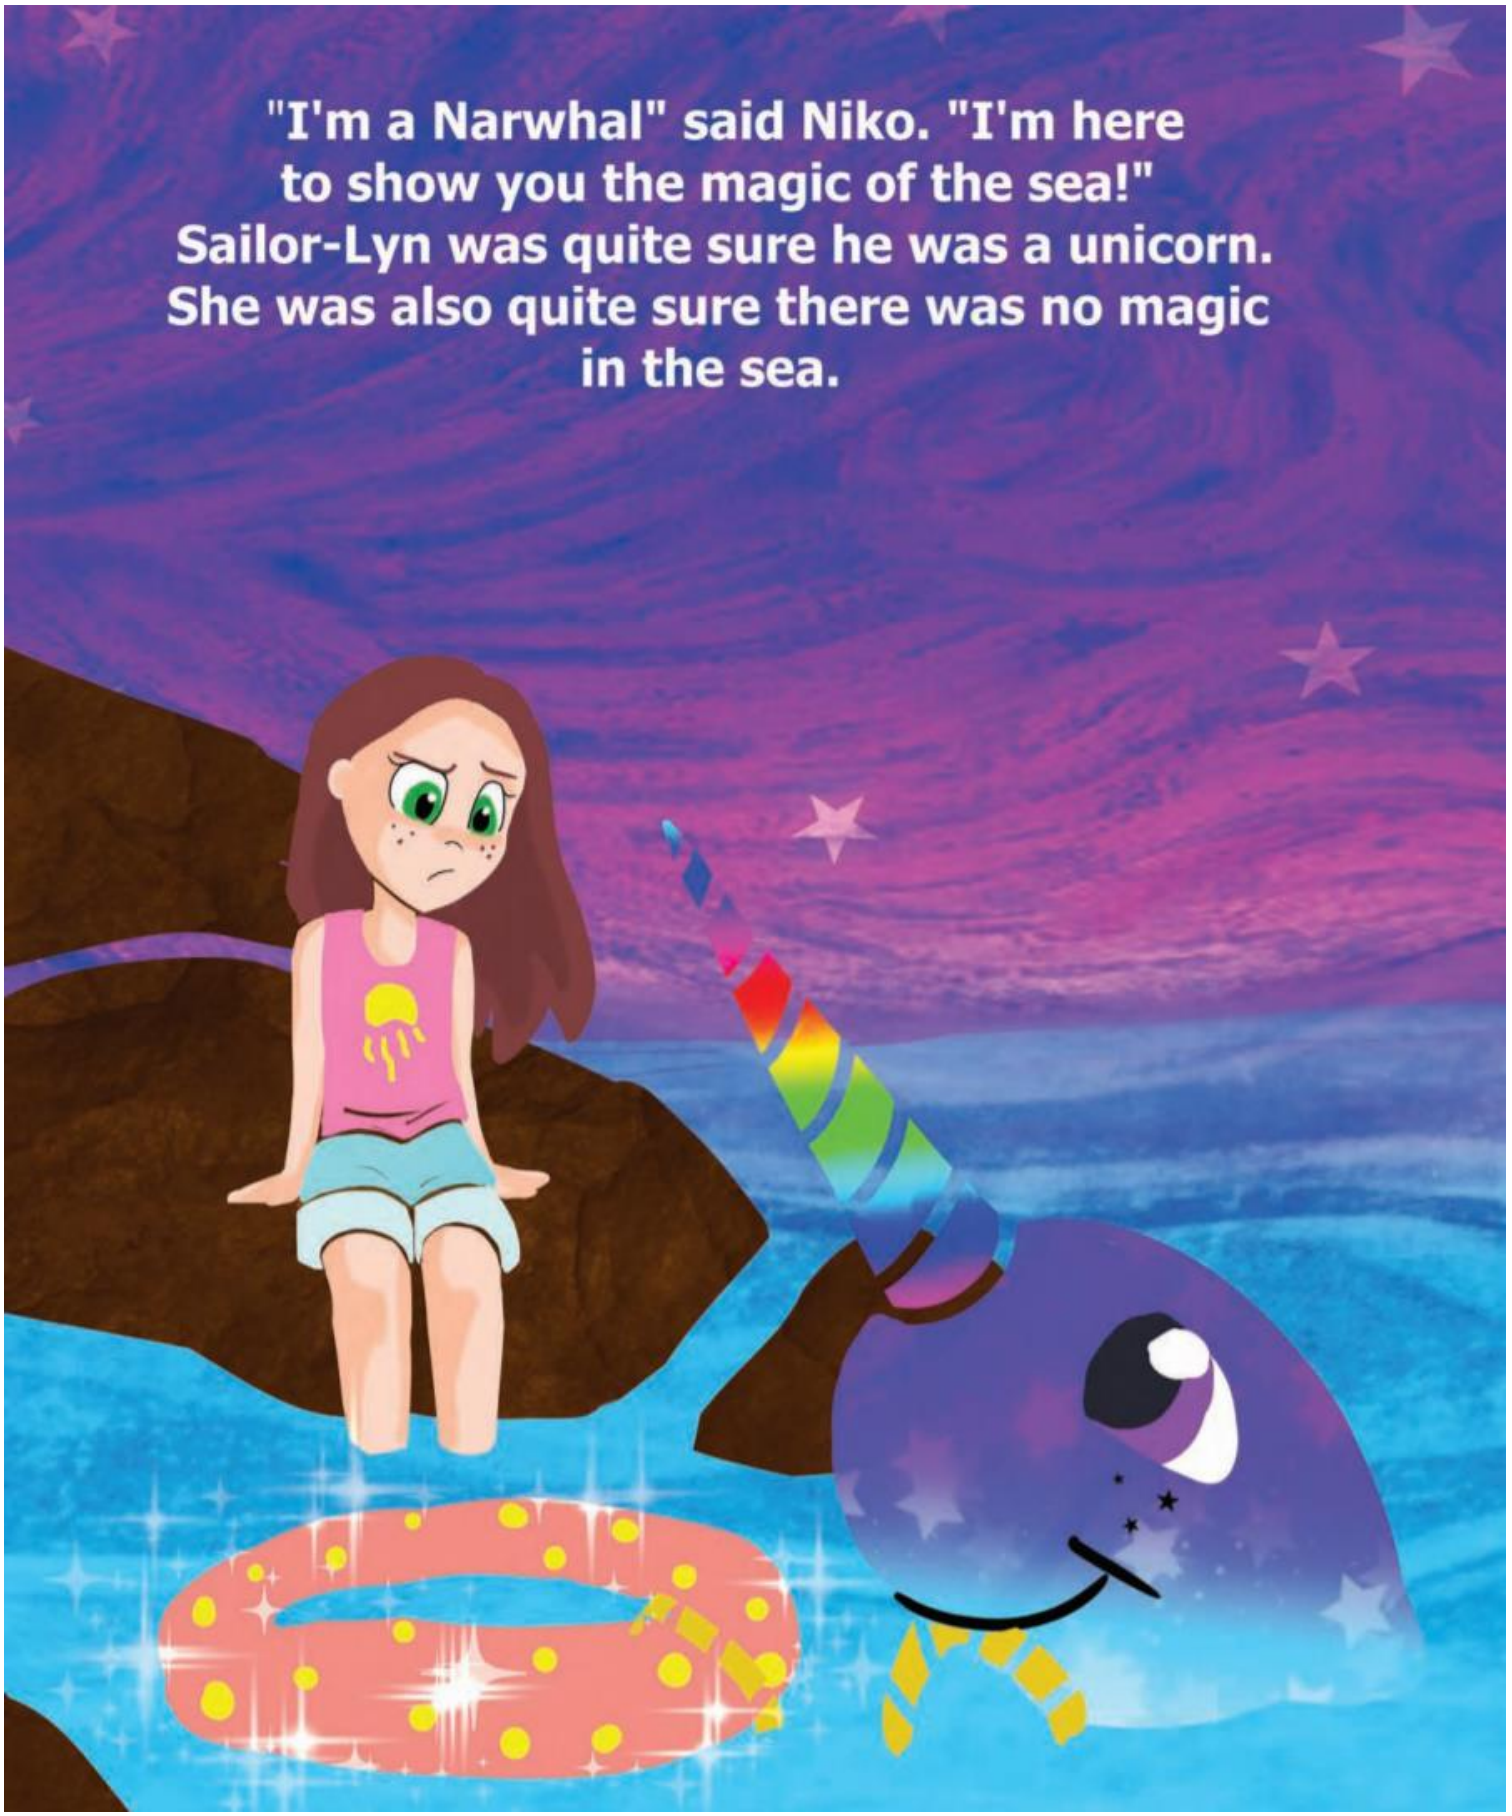
Look out as far as you can see.
There is a magical world right
in front of you.



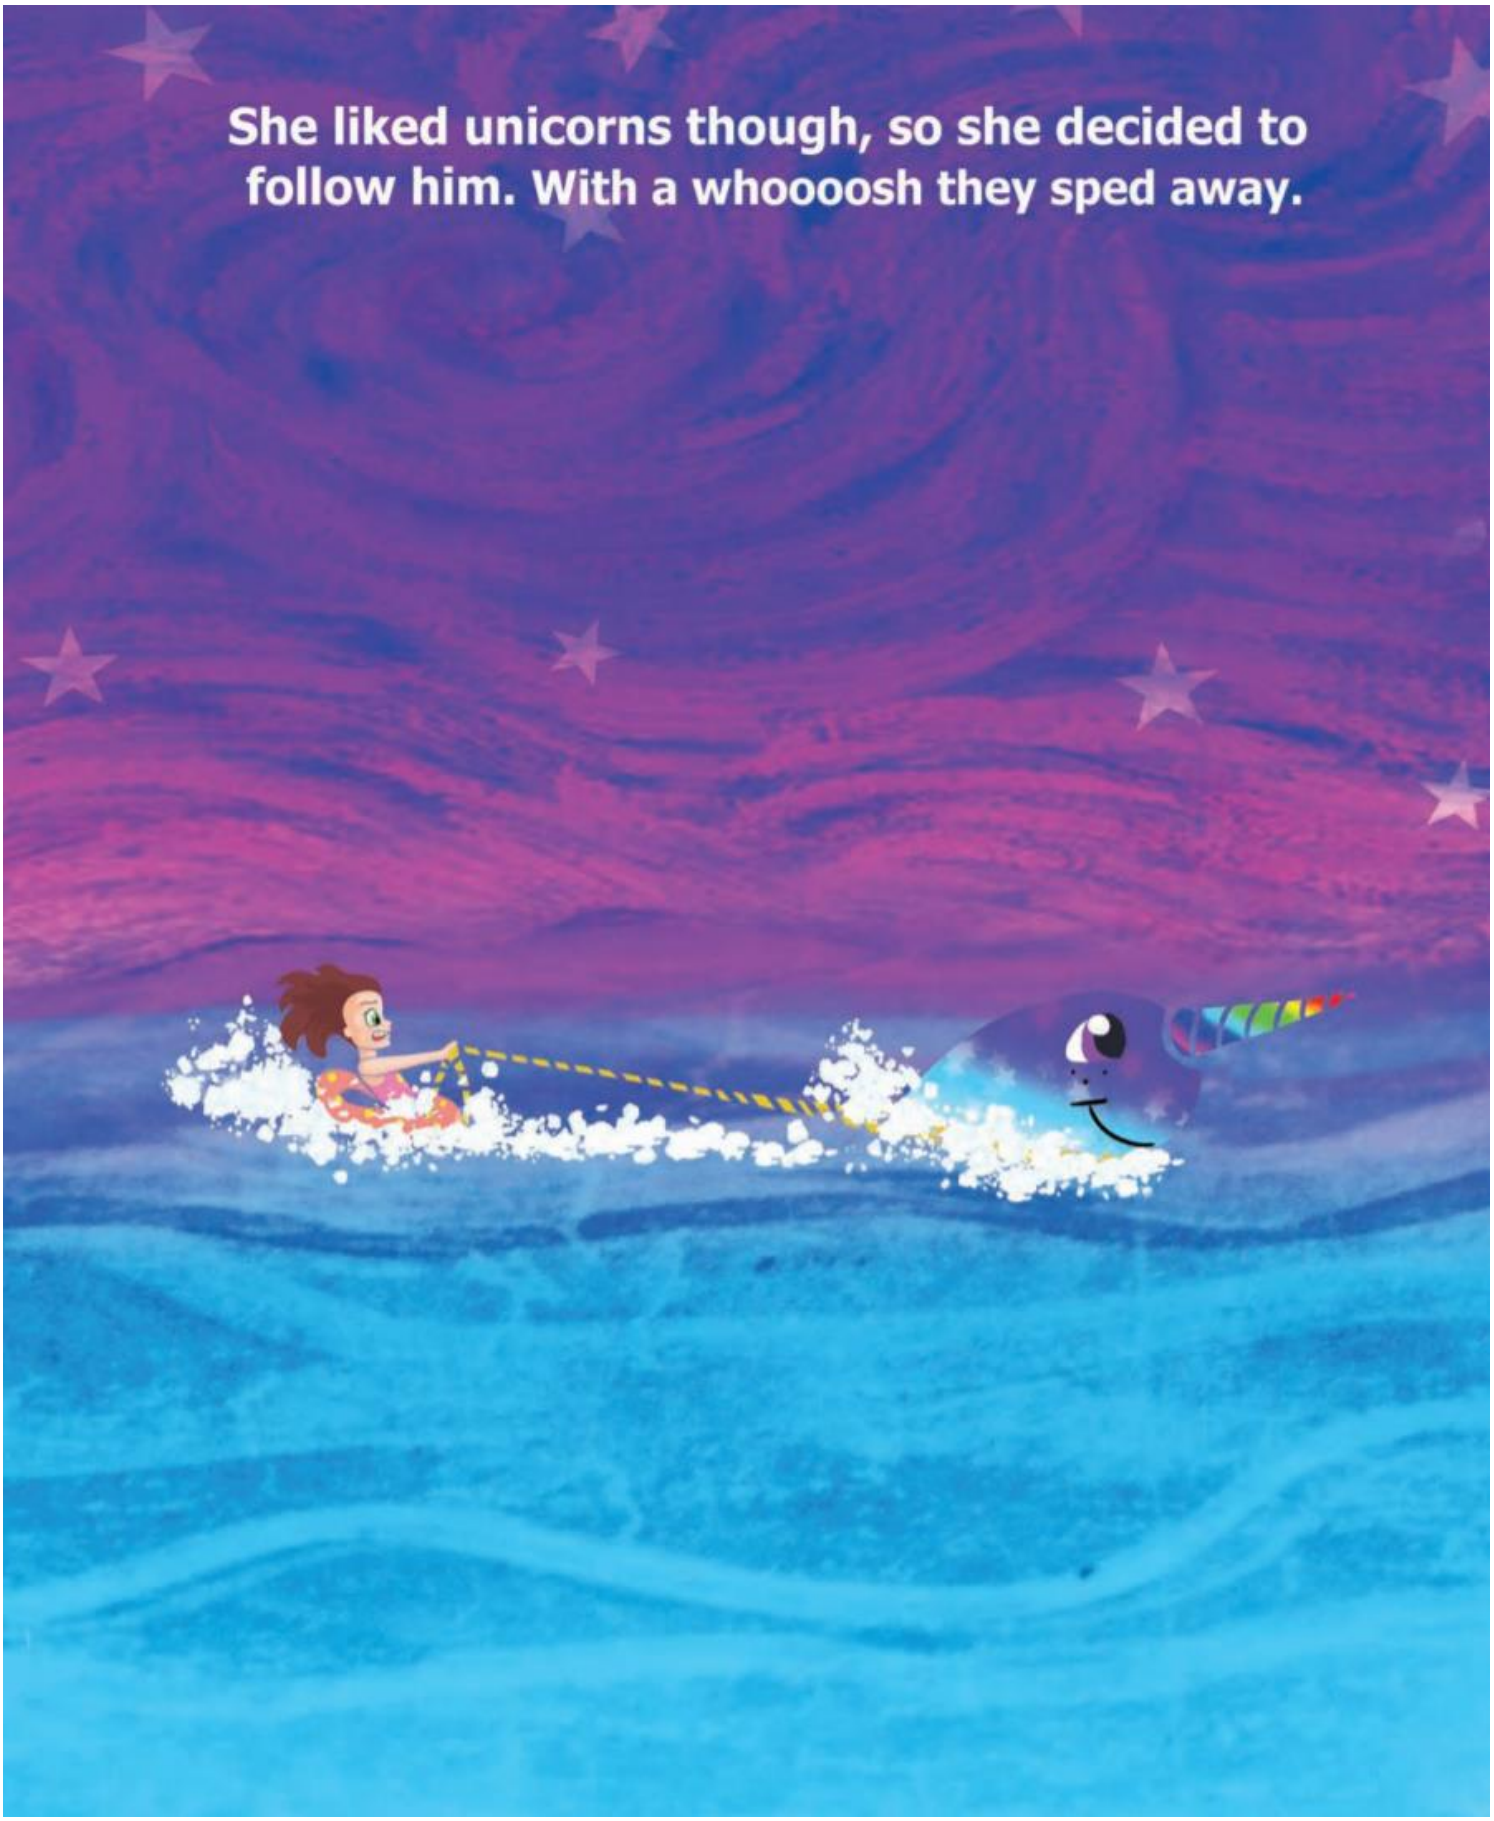
Sailor-Lyn looked for that magic everyday, but she could never see it.
There is only seaweed out there...



Until one day, a strange creature popped out of the ocean. "Are you a unicorn?" asked Sailor-Lyn.

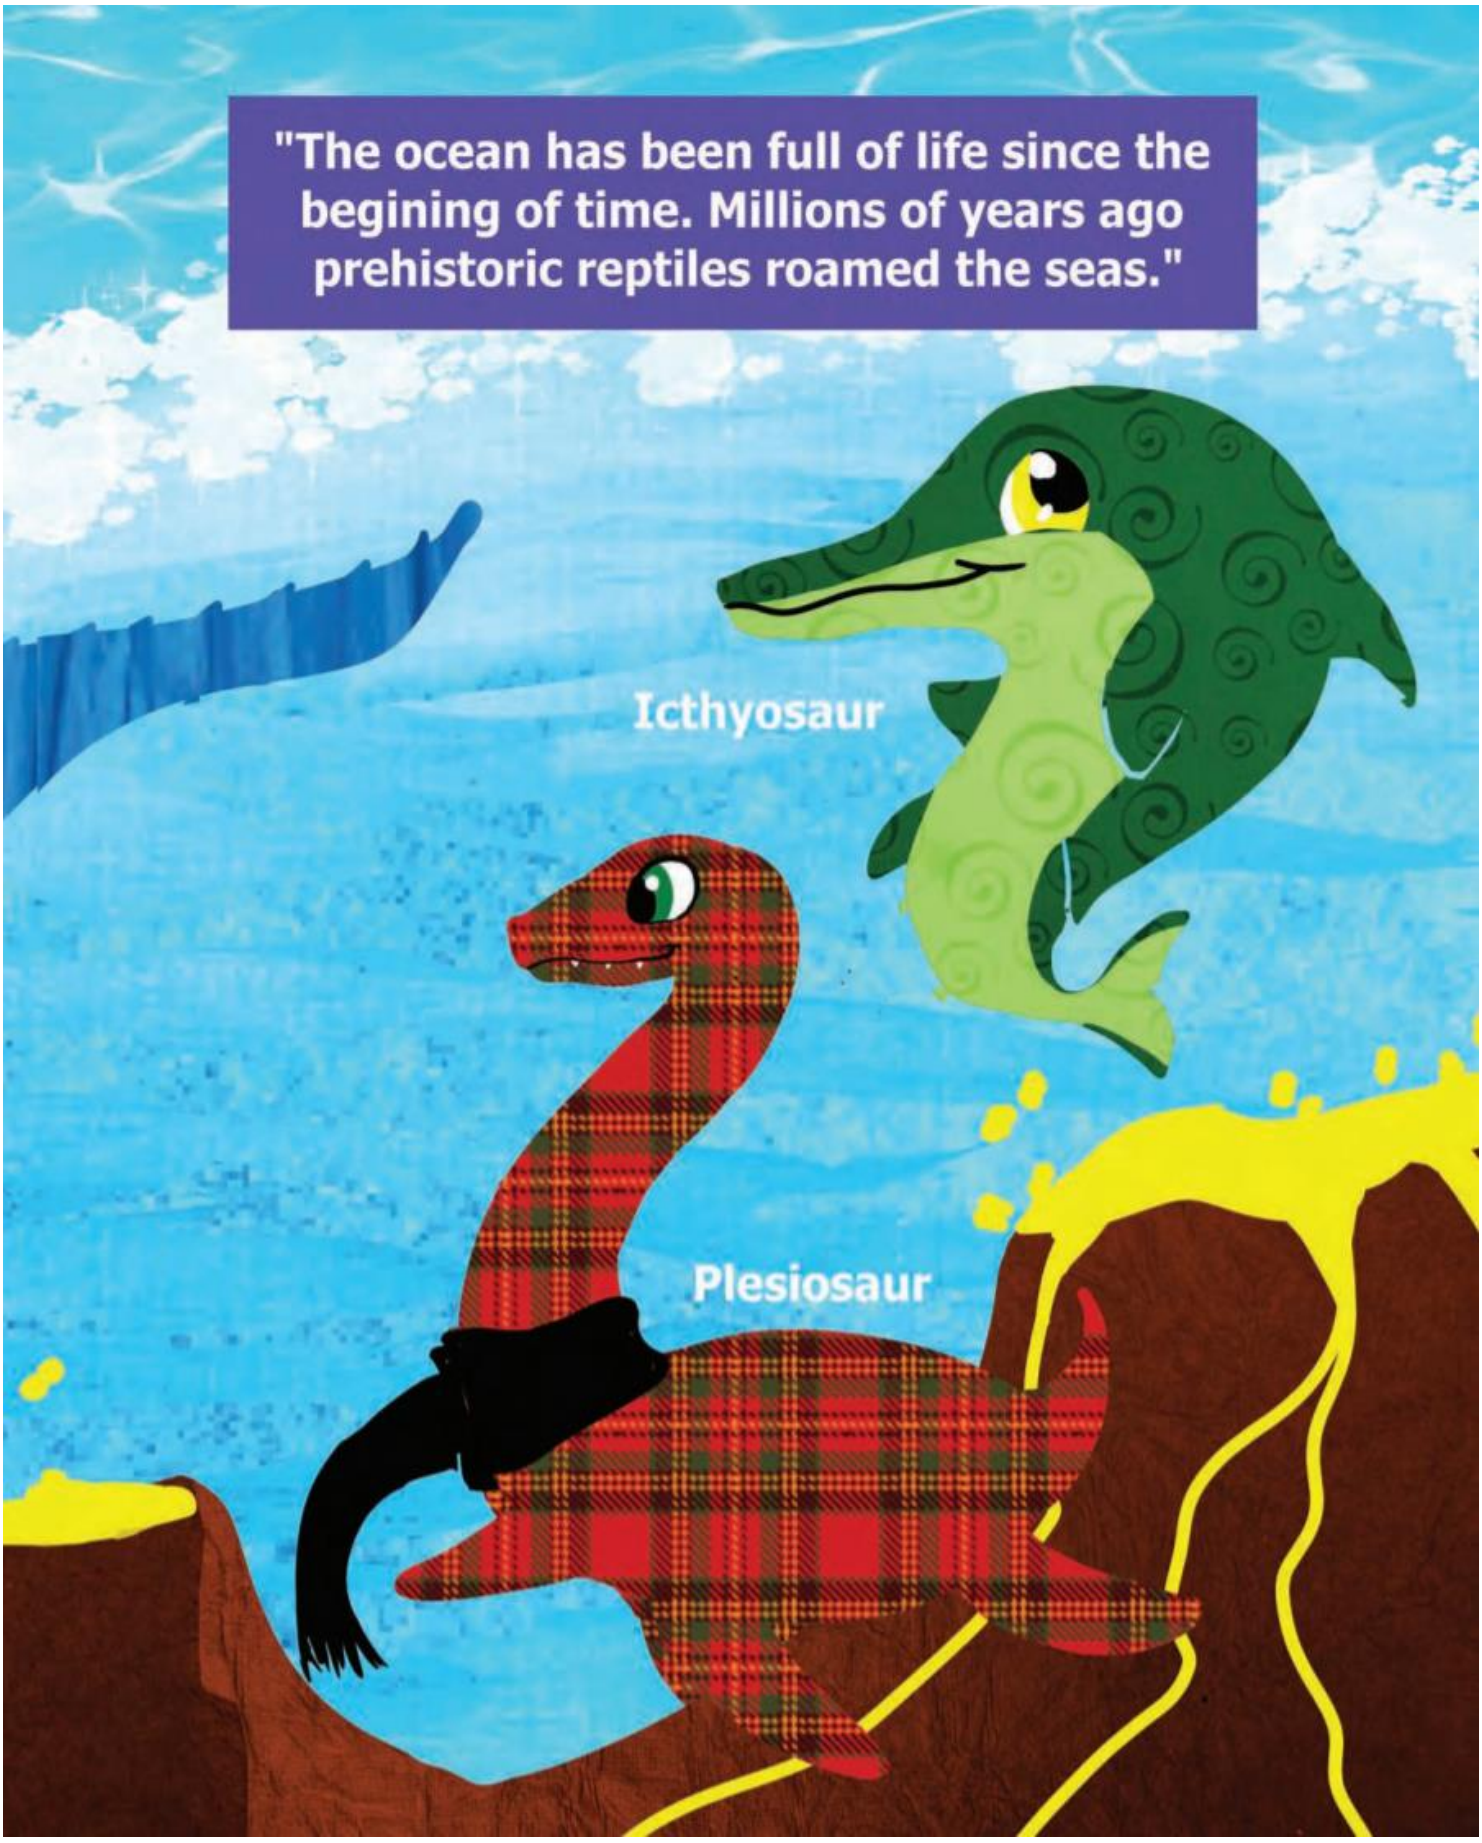


"I'm a Narwhal" said Niko. "I'm here
to show you the magic of the sea!"
Sailor-Lyn was quite sure he was a unicorn.
She was also quite sure there was no magic
in the sea.

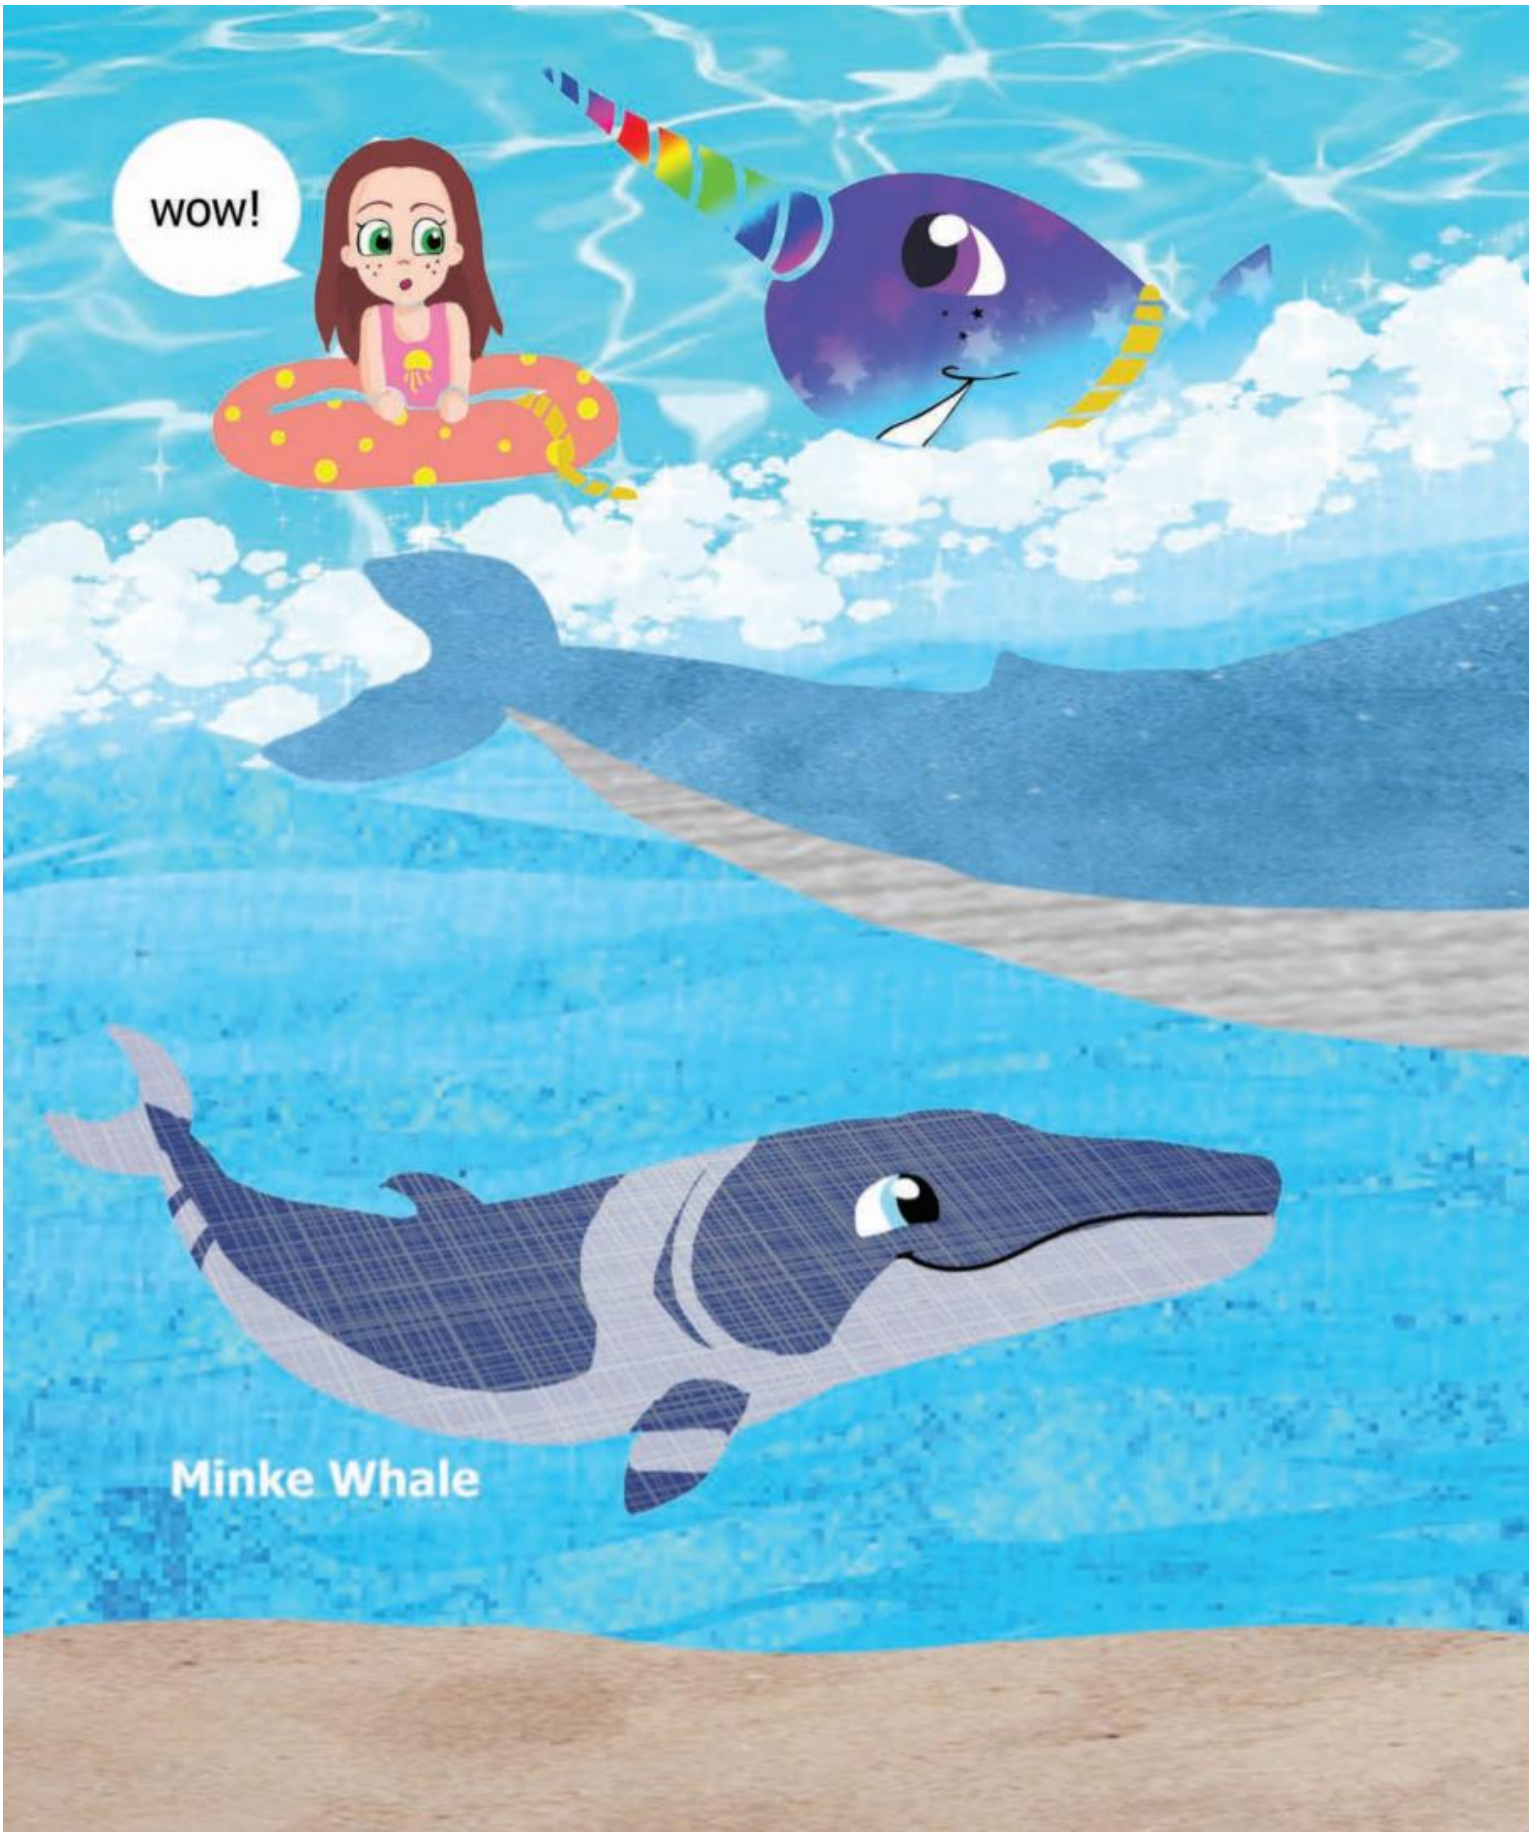


She liked unicorns though, so she decided to follow him. With a whoooosh they sped away.

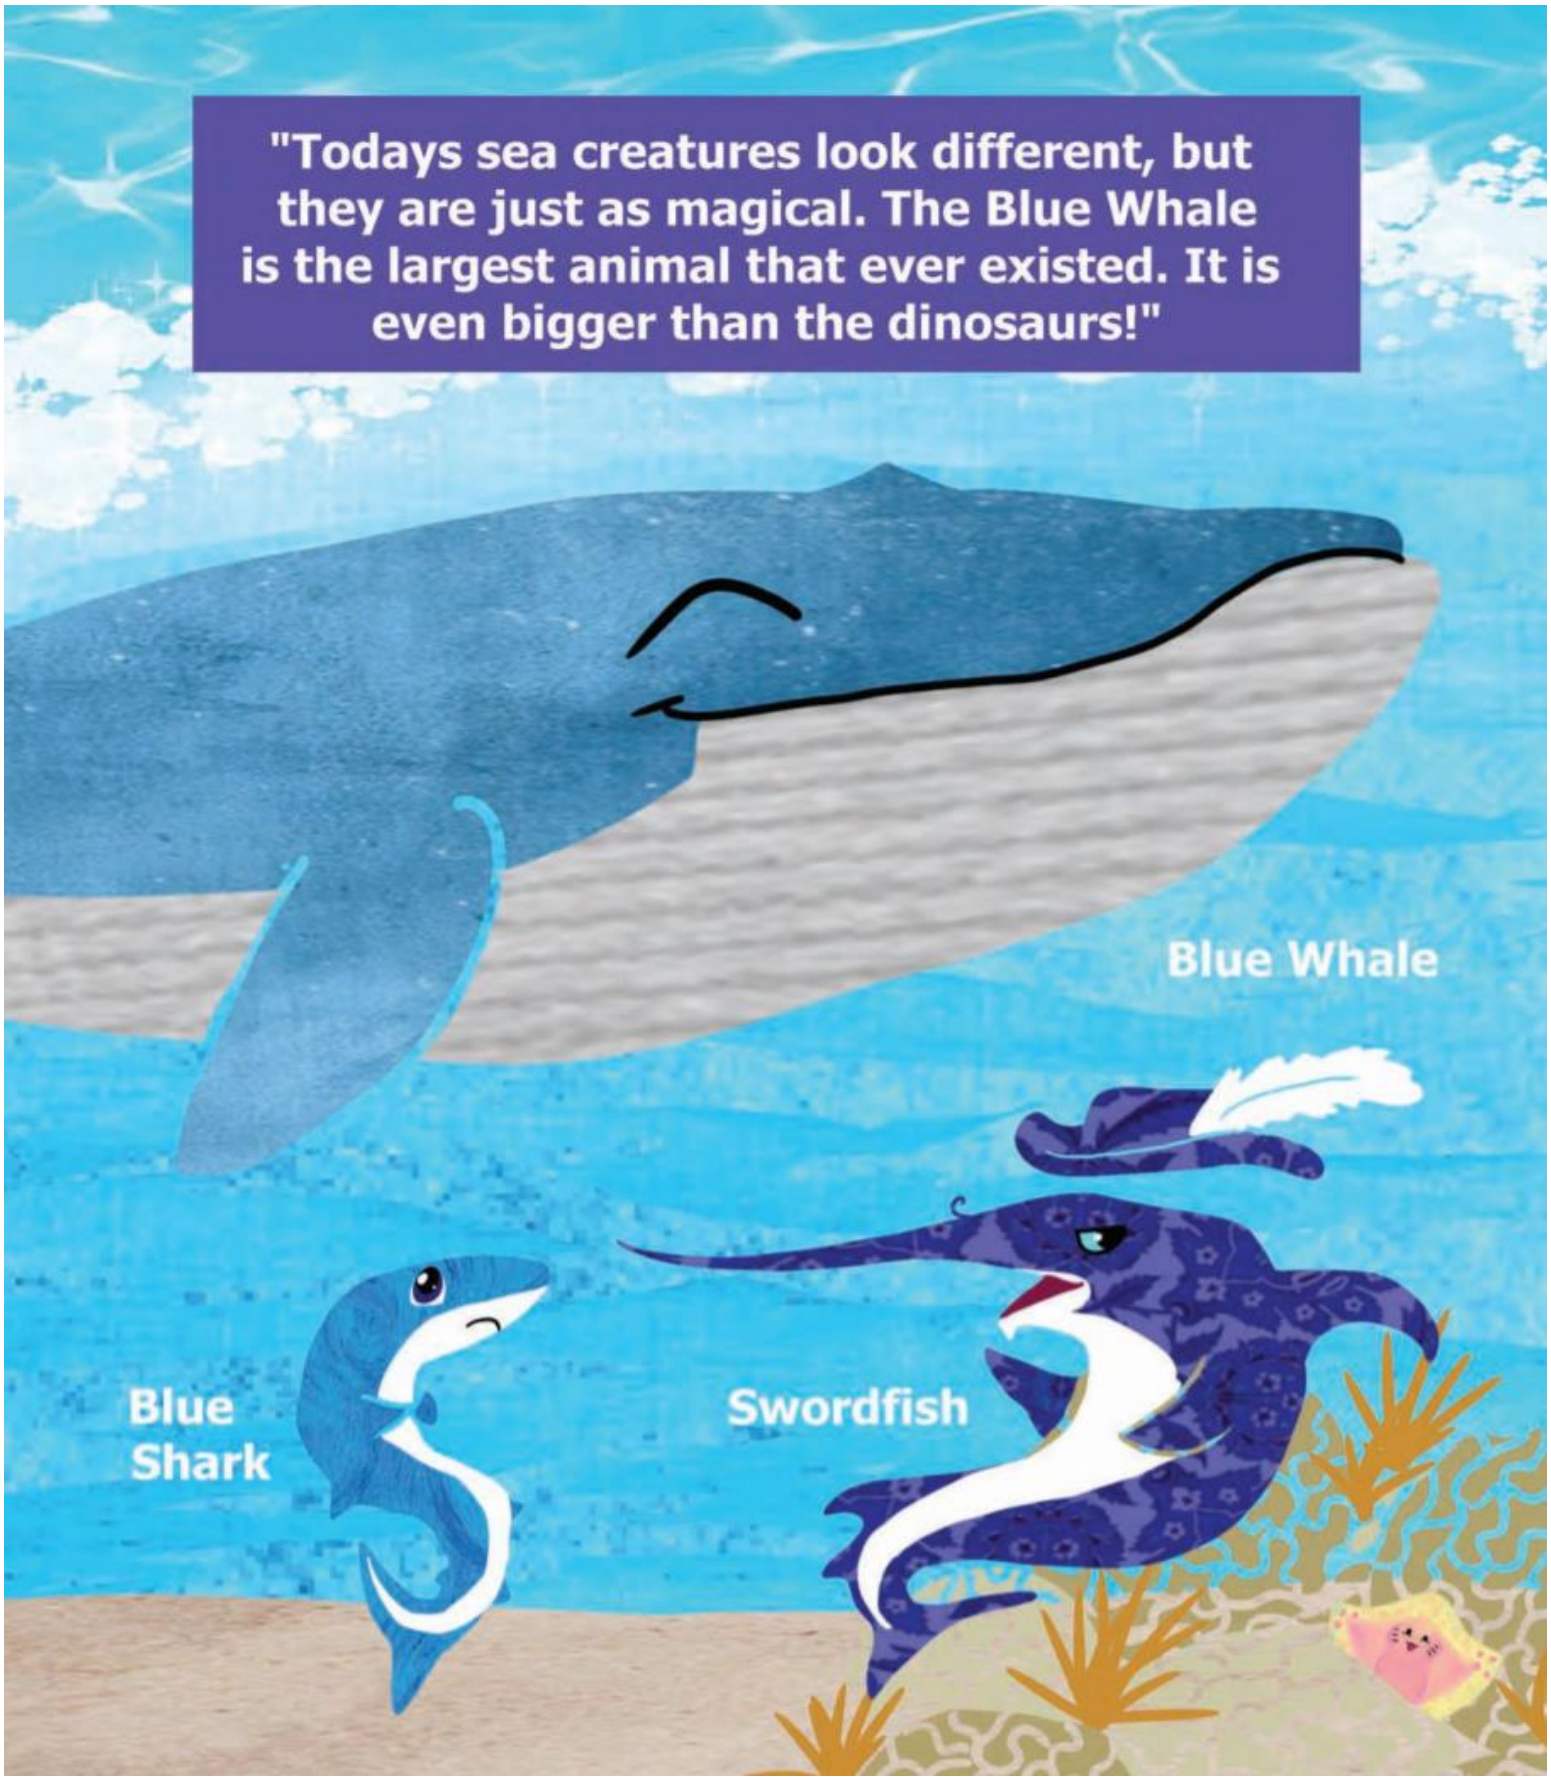
Are we back in time?
Mosasaurus
Ammonite



"The ocean has been full of life since the begining of time. Millions of years ago prehistoric reptiles roamed the seas."
Icthyosaur
Plesiosaur



wow!
Minke Whale

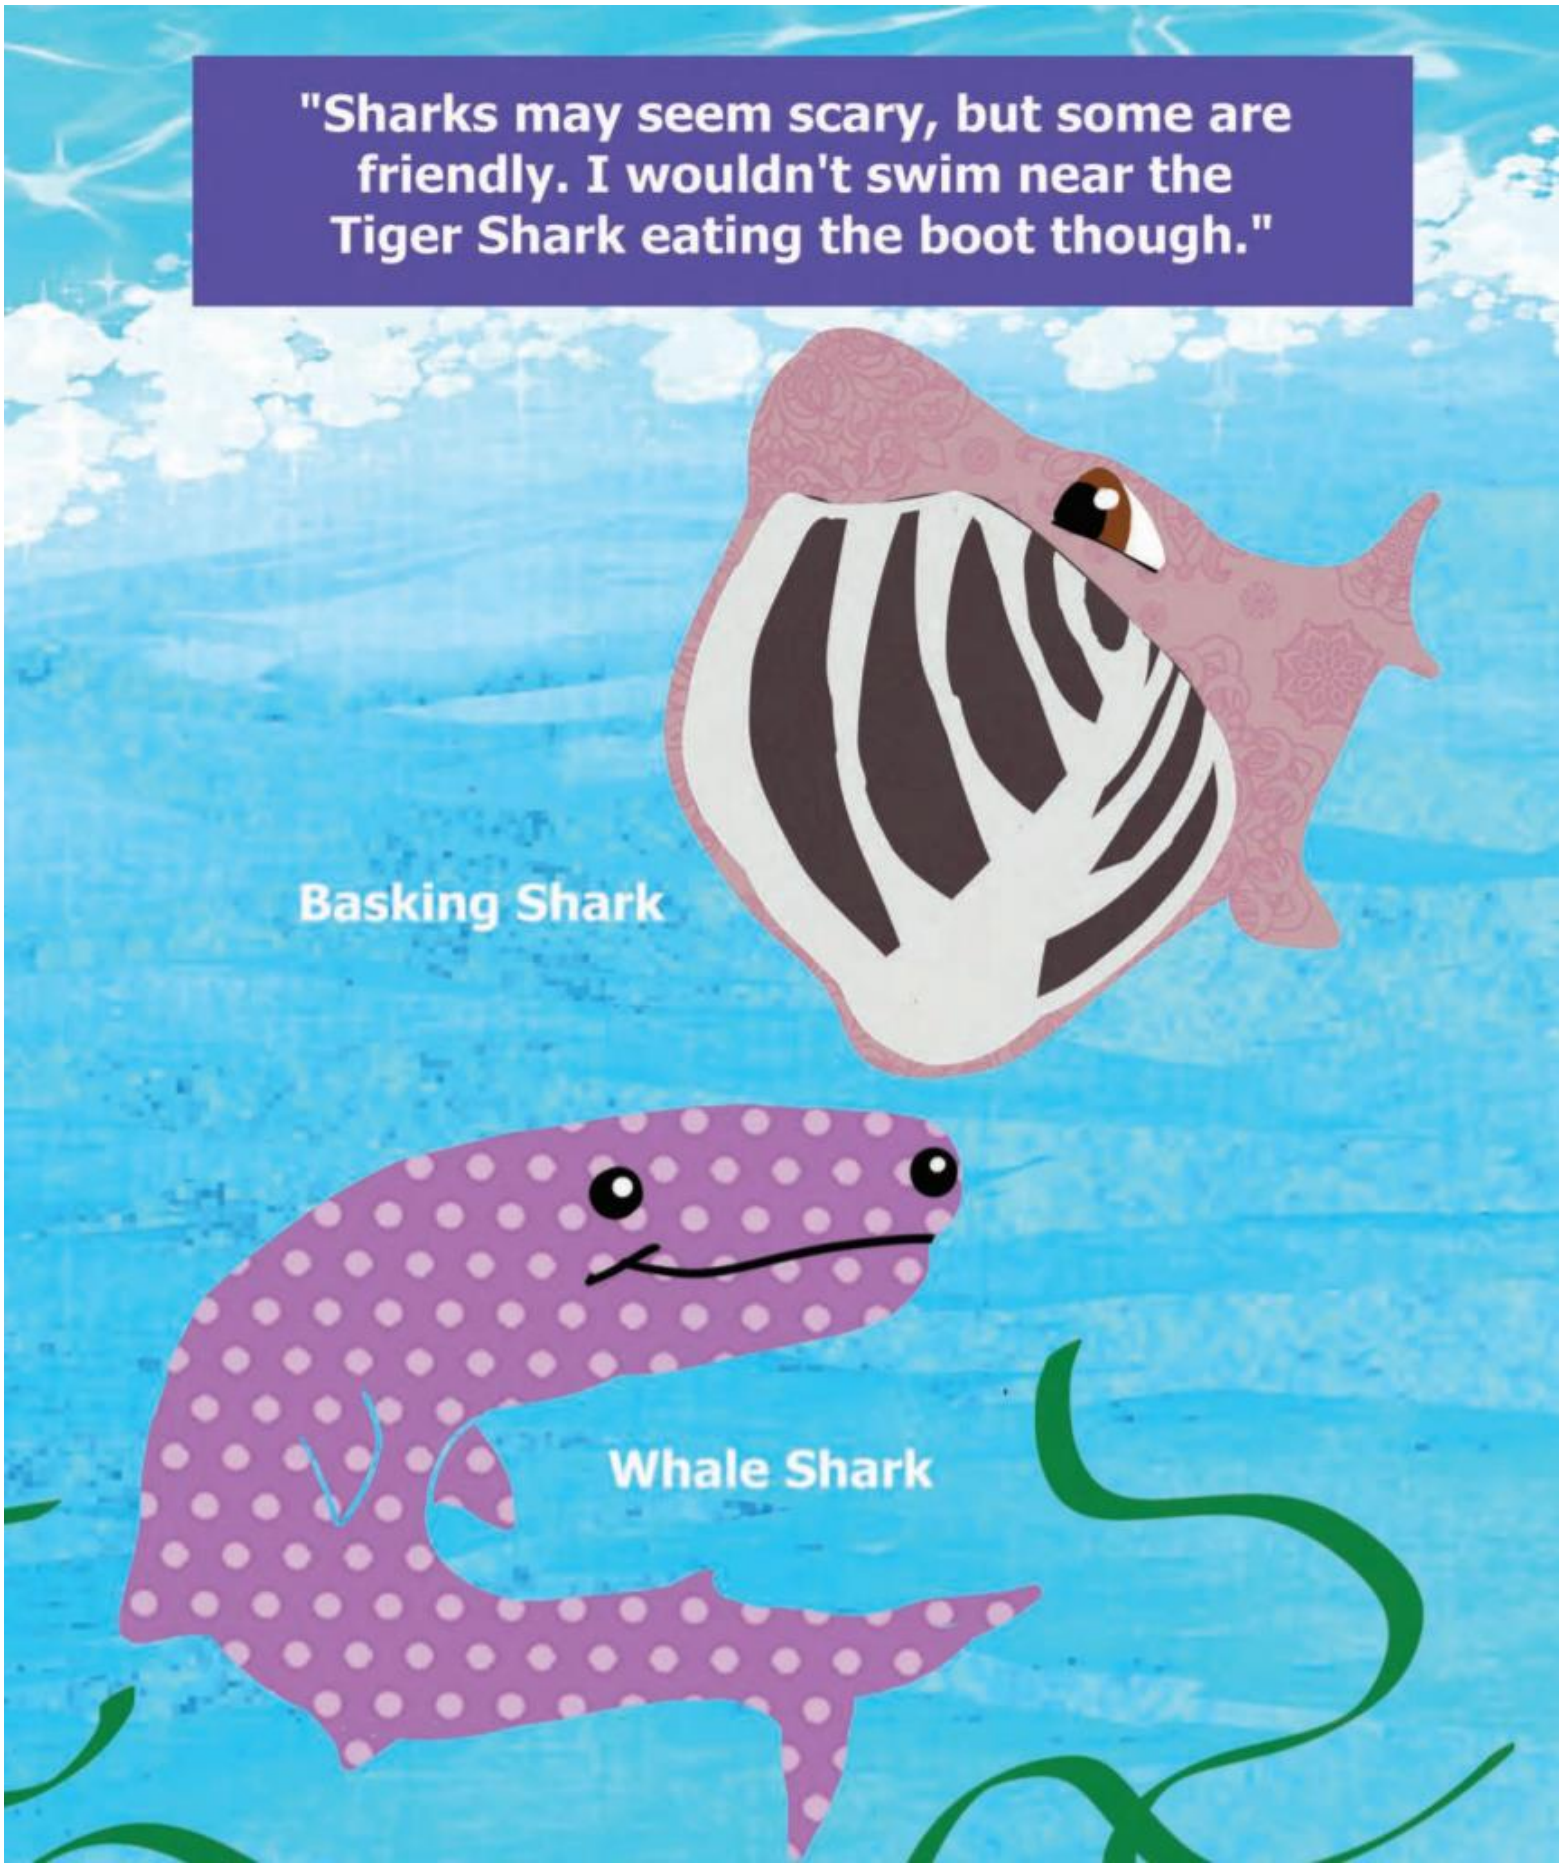


"Todays sea creatures look different, but they are just as magical. The Blue Whale is the largest animal that ever existed. It is even bigger than the dinosaurs!"
Blue Whale
Blue Shark
Swordfish

Humpback Whale
Lobster
Codfish

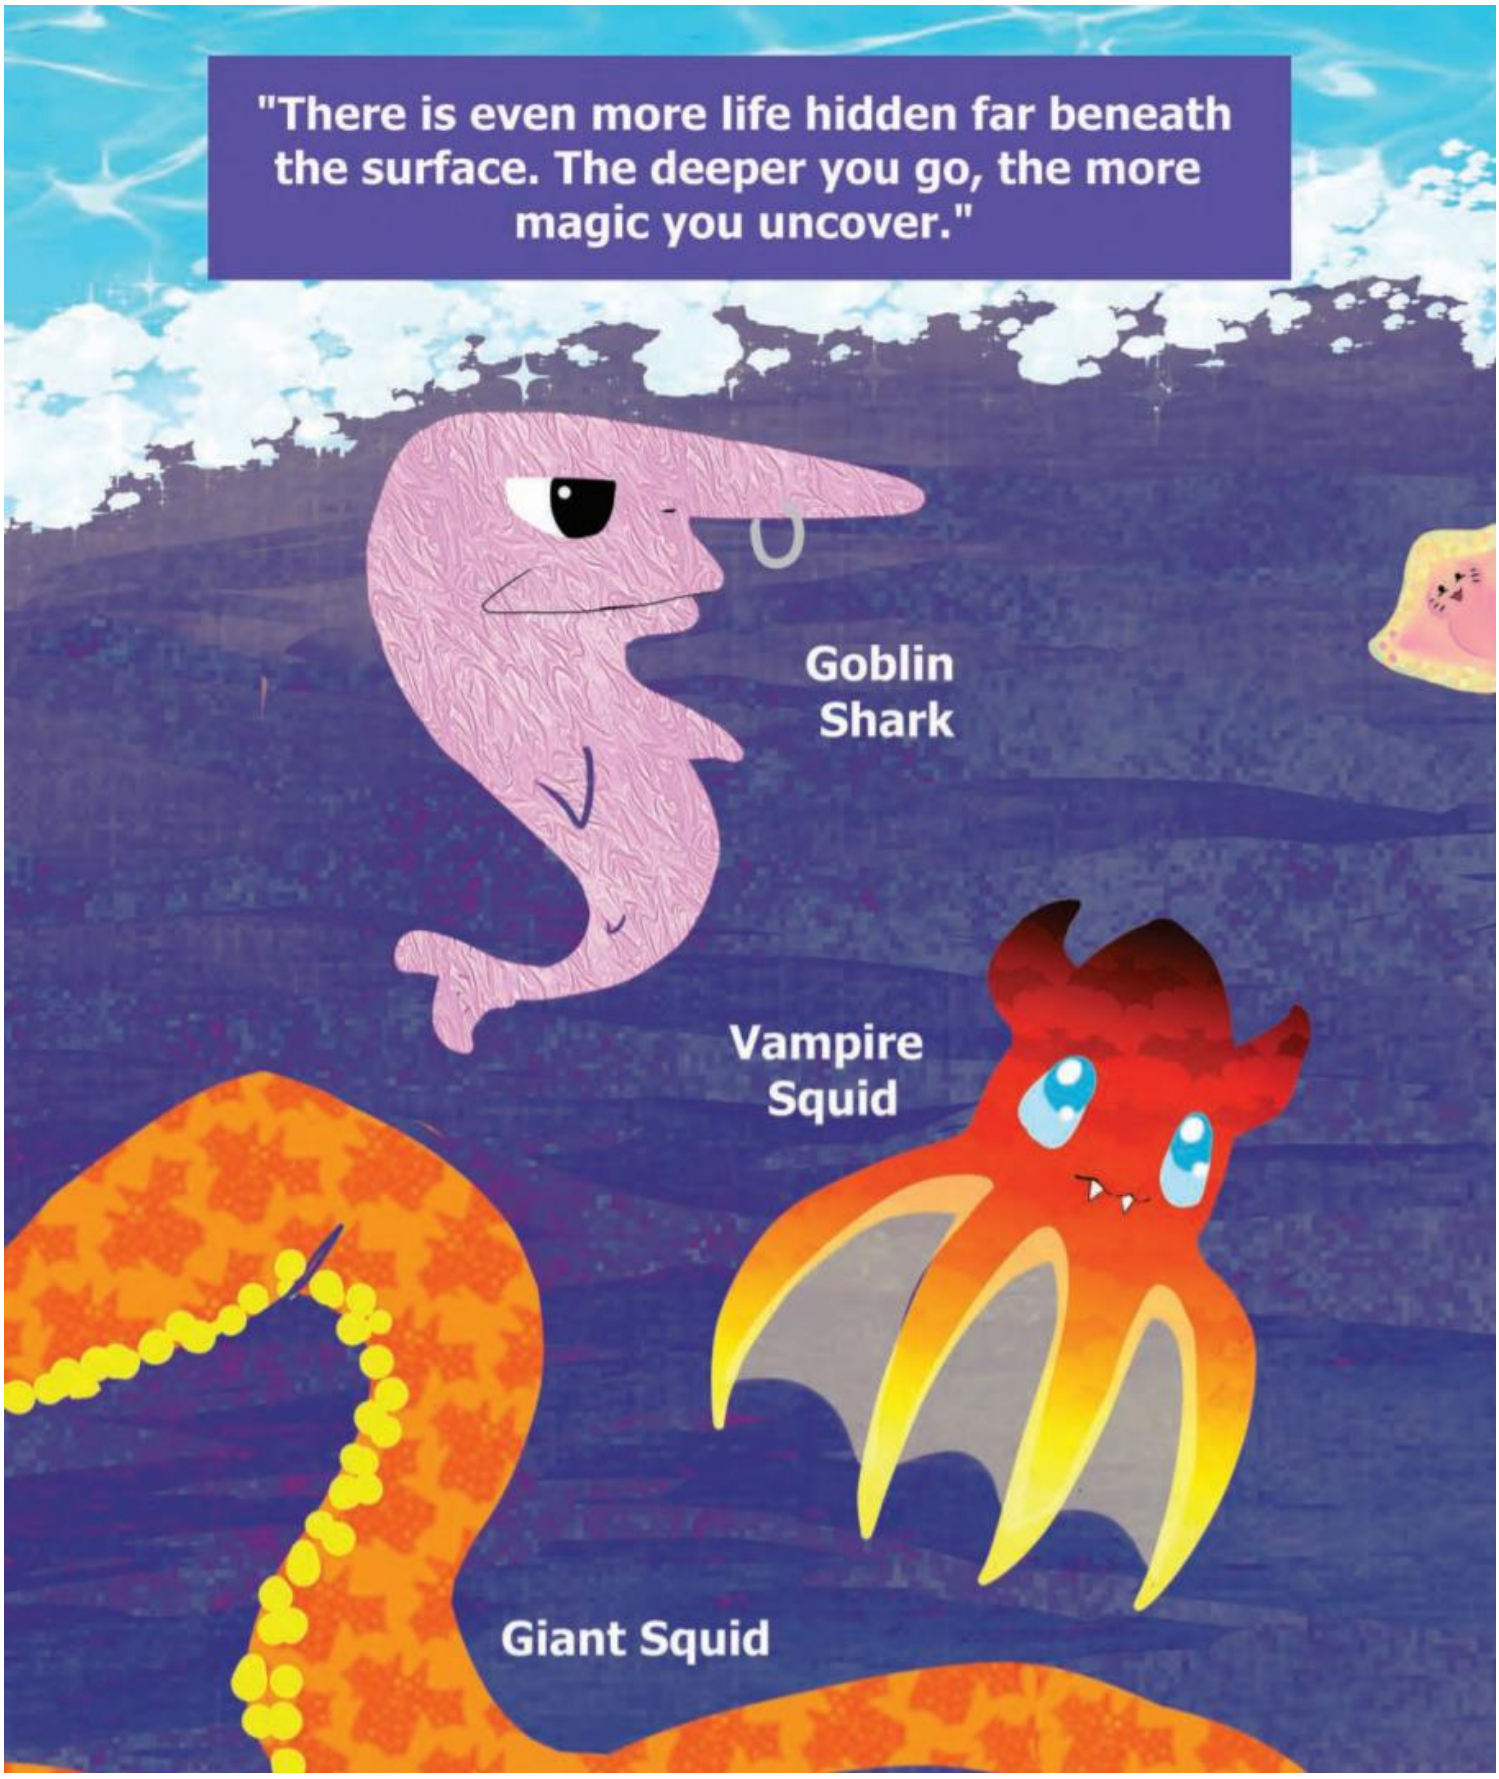
"Sea creatures even have special talents, just like you and me. The Humpback Whale is the most beautiful singer in the whole ocean."
Tuna Fish
Great White Shark

Tiger Shark
Leopard Shark
Dogfish



"Sharks may seem scary, but some are friendly. I wouldn't swim near the Tiger Shark eating the boot though."
Basking Shark
Whale Shark

Angler Fish
I swim, therefore, I am.
That's deep.
Sea Pig
Blobfish

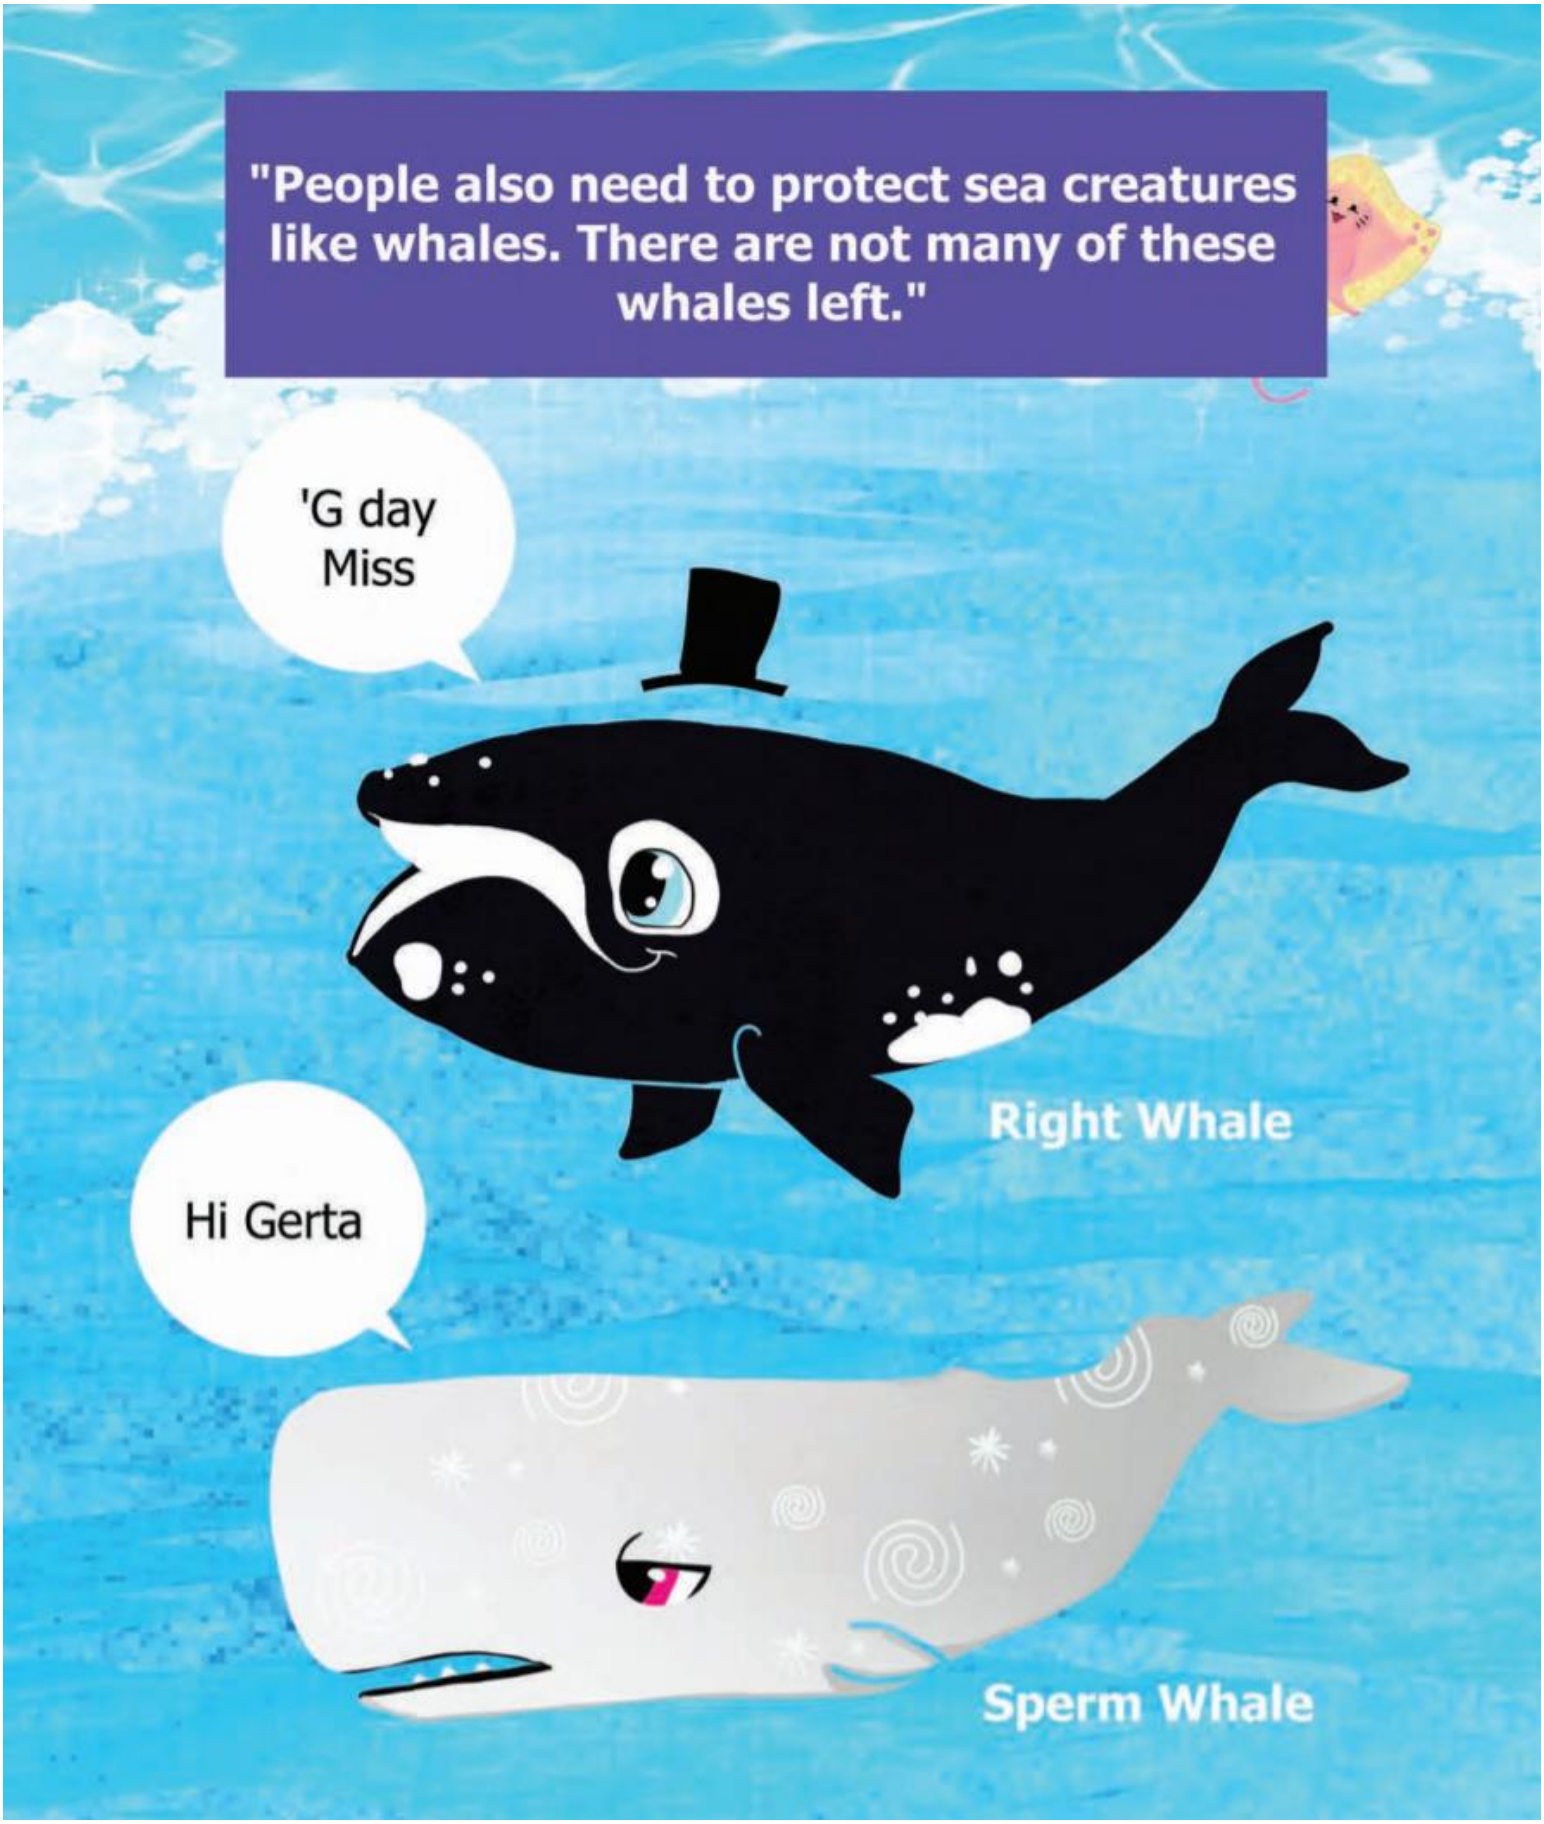


"There is even more life hidden far beneath the surface. The deeper you go, the more magic you uncover."
Goblin Shark
Vampire Squid
Giant Squid

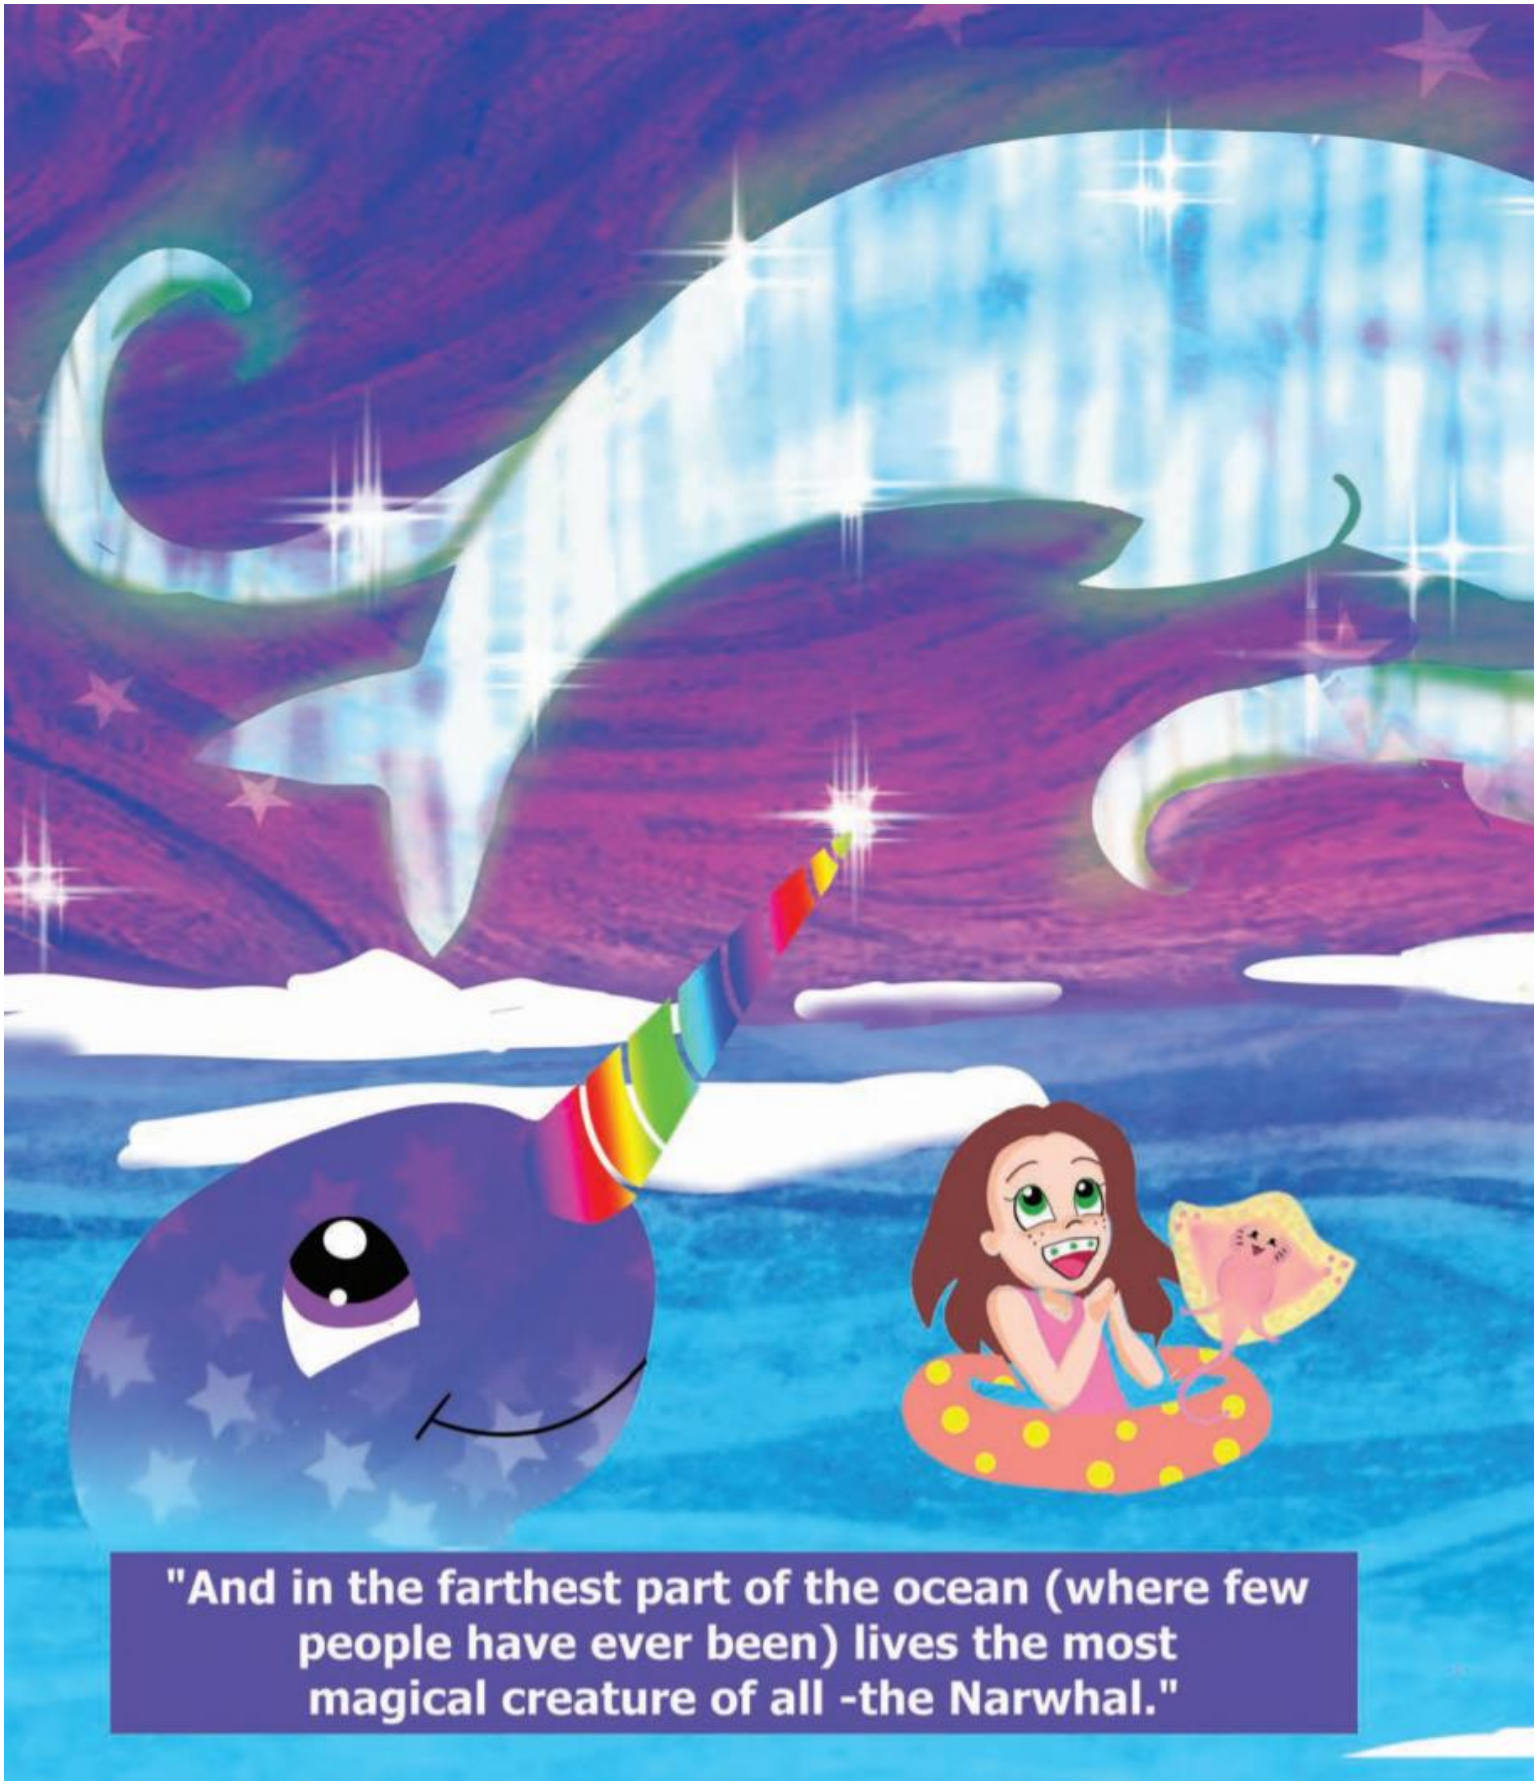
Ooops!
I'm sorry
I bumped
into you.
Manatee
I'll get
more
band-aids
Nurse
Shark

" People in boats (and floats) need to be careful and look out for sea creatures. "
Common Dolphin
Bottlenose Dolphin

Hello whales
Saving fish will help us
Southern Resident Killer Whale (Orca)
Hi Sam
Grey Whale

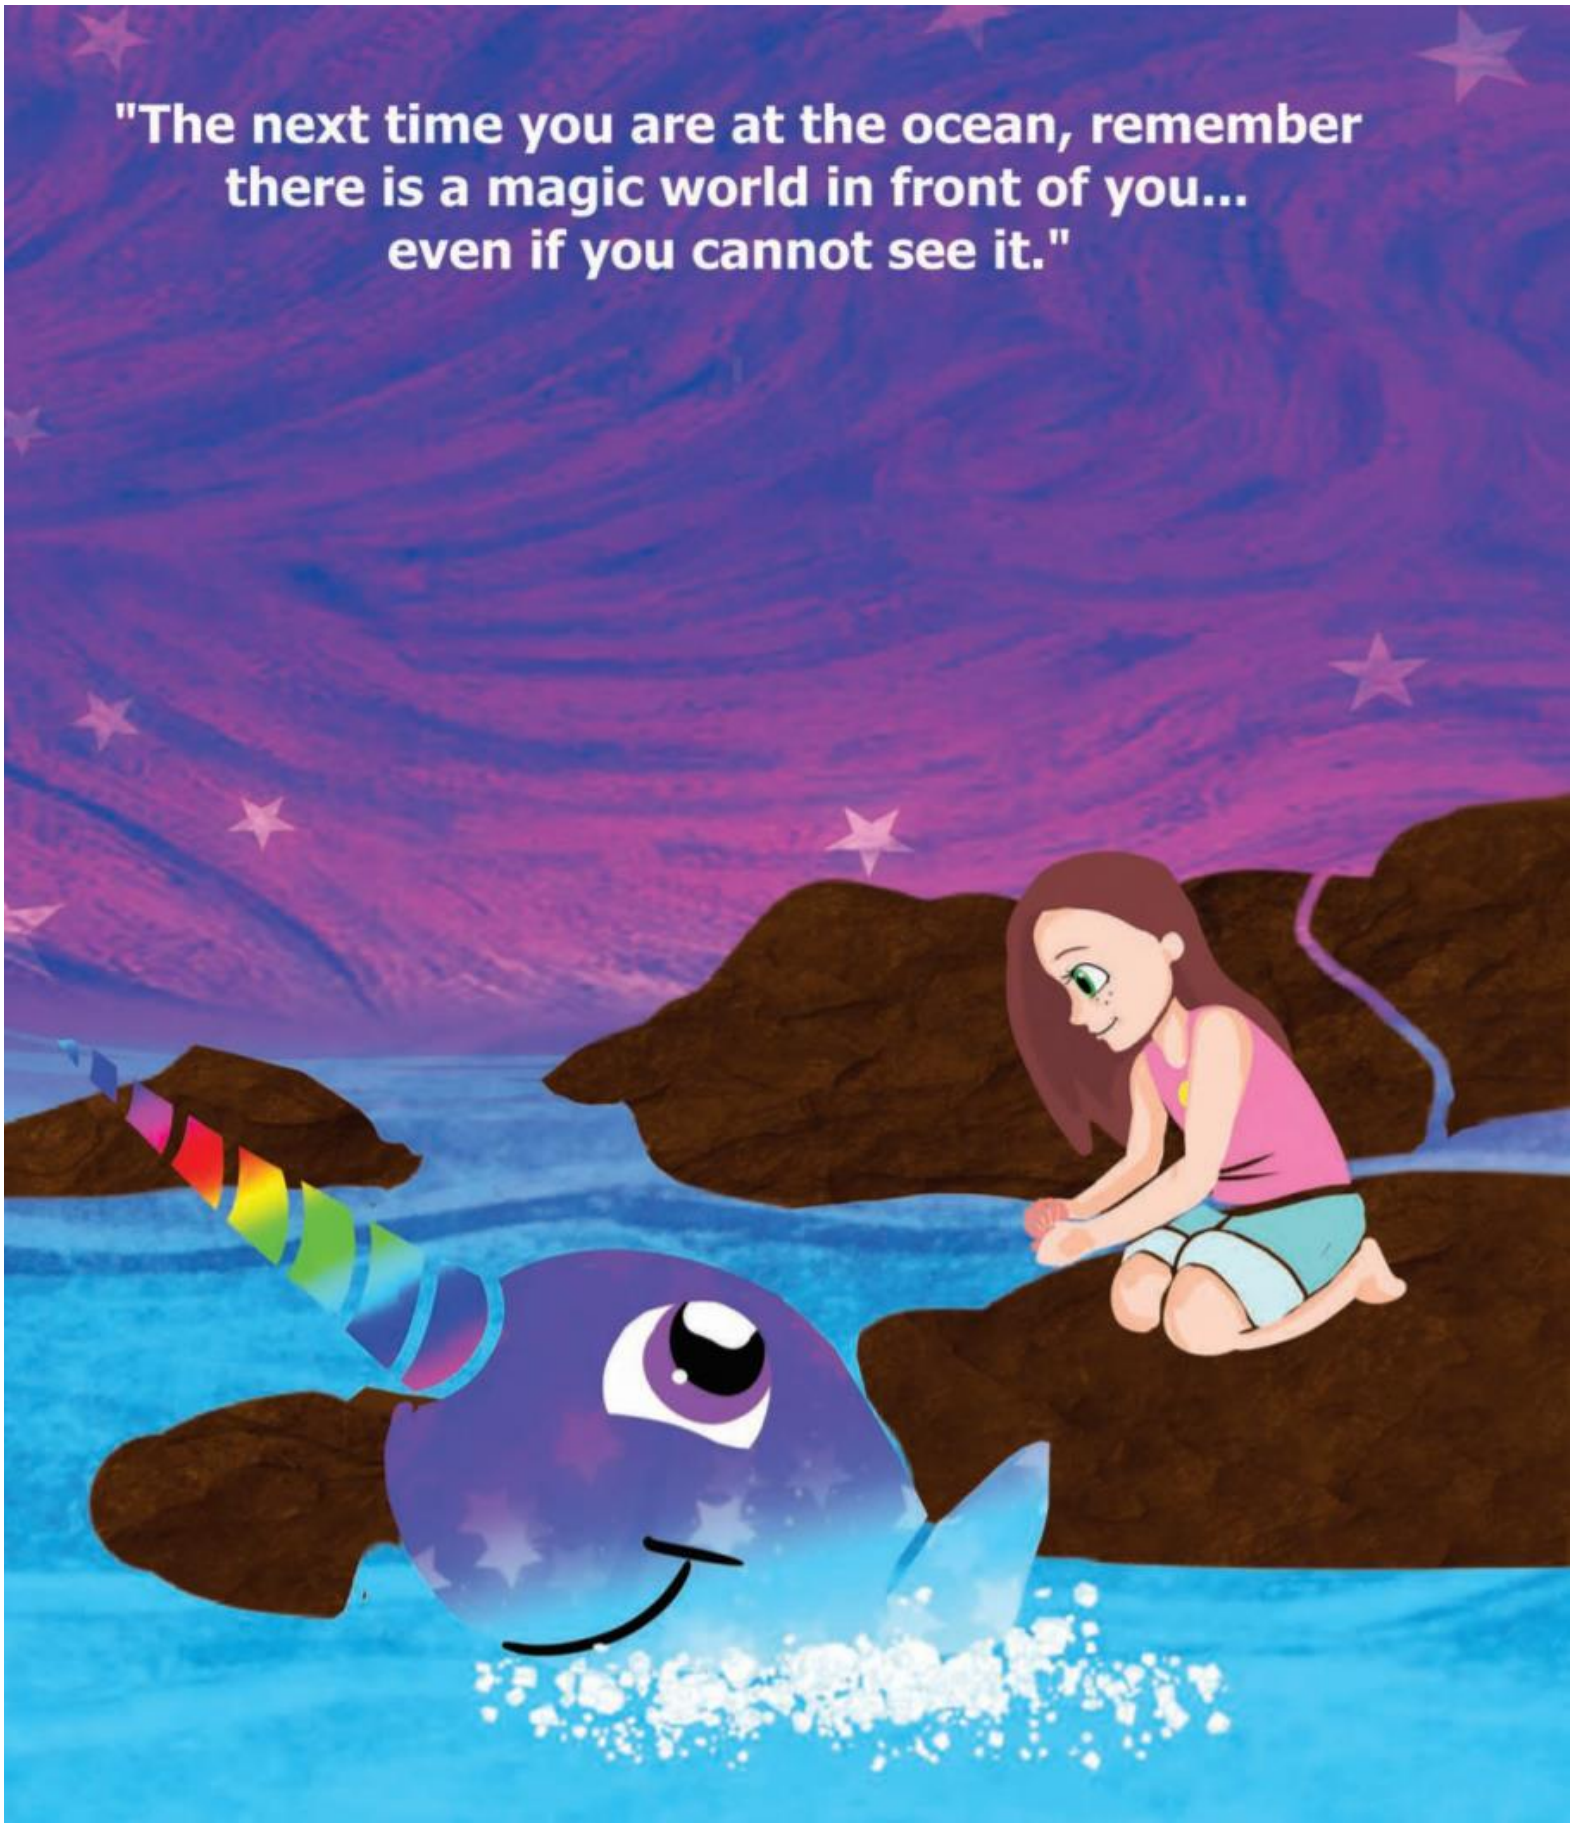


"People also need to protect sea creatures like whales. There are not many of these whales left."
'G day Miss
Right Whale
Hi Gerta
Sperm Whale

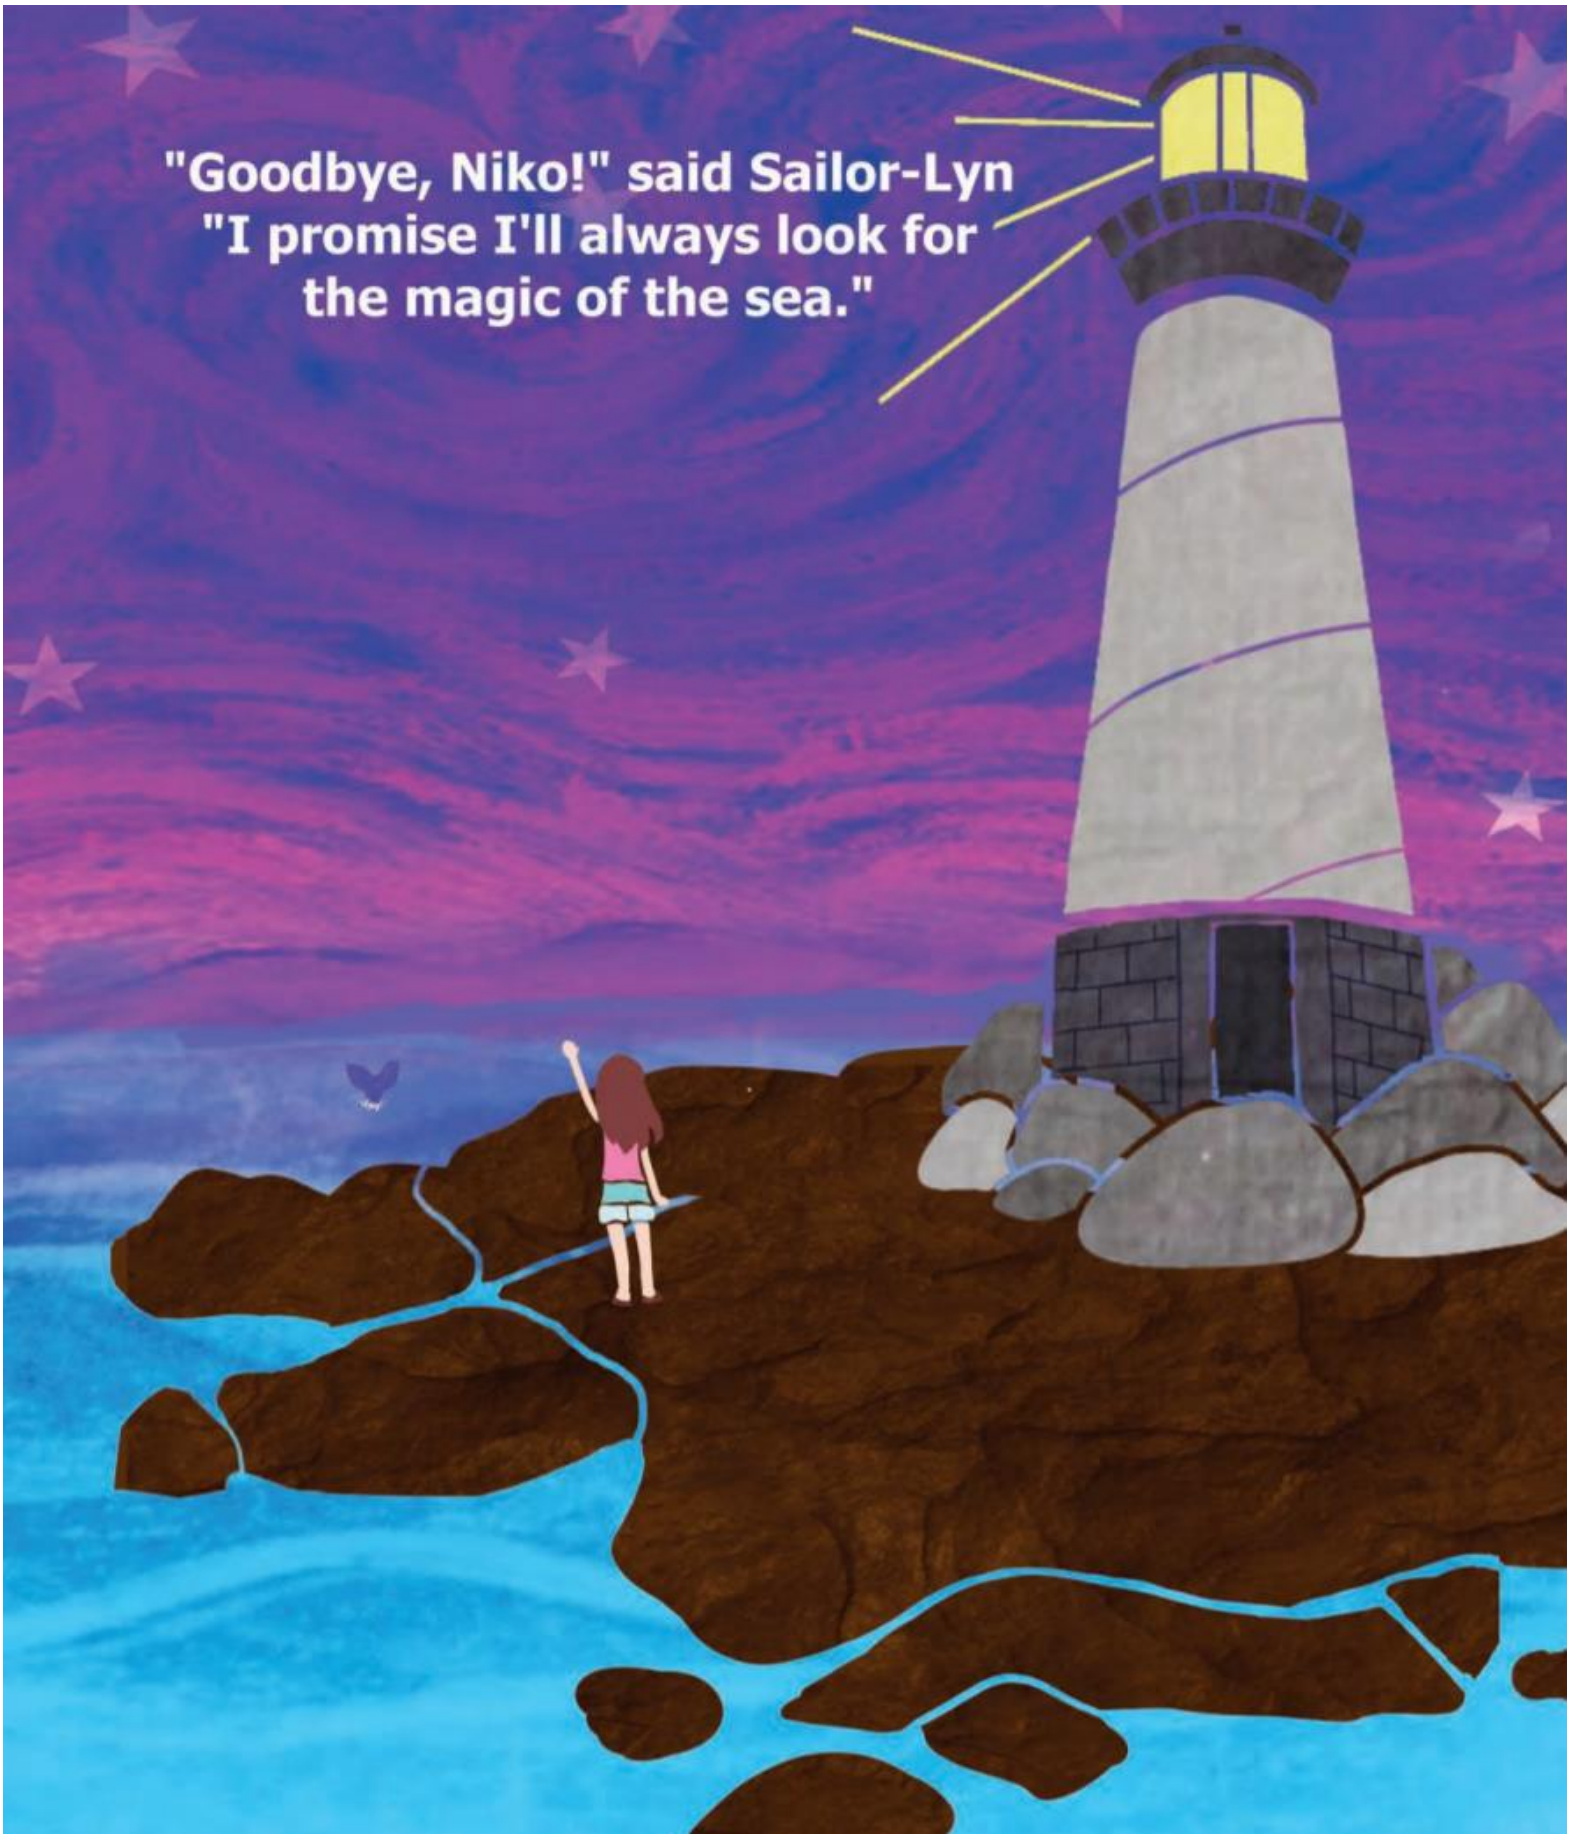


"And in the farthest part of the ocean (where few people have ever been) lives the most magical creature of all -the Narwhal."

Narwhal
Beluga Whale
Walrus
Arctic Fox



"The next time you are at the ocean, remember
there is a magic world in front of you...
even if you cannot see it."



"Goodbye, Niko!" said Sailor-Lyn
"I promise I'll always look for
the magic of the sea."

Ocean Facts!

About 70% of the Earth is made up of oceans.

Picking up trash, recycling, and keeping oceans clean will save lives.

You can be an ocean hero.
